

JUST A FEW REASONS WHY NOTRE DAME IS A GREAT PLACE TO WORK...

Heal. Unify. Enlighten.

Informed by our Catholic character, our work helps students, faculty, and our program heal, unify, and enlighten our world.

Maximize Your Potential.

We provide an environment for people to thrive personally and professionally. Just this year we'll offer over forty-five learning and organizational development programs for our staff.

Workout Like a Champion Today.

If our weight lifting, bike riding, running, sailing, swimming, yoga, indoor track or rock climbing amenities aren't up your alley, we also have great squash and handball facilities.

Life-Changing Compensation and Benefits.

The University offers one of the top compensation and benefits packages in the nation, supporting the well-being of you and your family. It includes an on-site wellness center, a generous tuition benefit for your children, and great retirement savings options among others.

Unbeatable Commute Times.

It rarely takes most of our faculty and staff more than twenty minutes to get to work.

Everything You Need is On Campus.

We're like a small city, complete with a laundry facility, post office, gym, childcare center, pharmacy, and many restaurant options.

Golden Are Thy Teams.

Our teams work hard to win, and we work even harder to help prepare our students to be future leaders. We love to support our twenty Division I athletic teams, and especially love to join our students in over fifteen Intramural Sports.

NDSP Has Your Back.

In addition to keeping this campus safe, if your car battery dies or you lock your keys inside your car, Notre Dame Security Police will come to your rescue.

We Are All ND.

A body is one though it has many parts, and all the parts of the body, though many, are one body. We are a diverse and inclusive community that works hard together to help the University succeed.

Stop and Smell the Flowers.

It's hard to stay in a bad mood here. You can step outside and walk along scenic paths, a candlelit sanctuary, or snowy lakes while encountering the craftiest squirrels you'll ever meet.
