## **EARLY RETIREE MEDICAL PLAN SUMMARY - 2009**

To help you make informed decisions about your insurance election, the University has prepared this 2009 Medical/Dental/Vision Plan Summary. This summary is intended to help you learn more about the benefit plans available to you. It does not replace the legal plan documents or contracts for each of the benefit plans and should not, in any way, be considered a legal contract or guarantee of coverage.

You are responsible for notifying the Office of Human Resources within 31 days of a qualifying life event, such as marriage, childbirth, adoption, and loss or gain of other insurance coverage. **(If you do not apply for additional coverage due to a status change within 31 days of the event, you may not make the change until the next Open Enrollment Period.)**

<p><b><u>What is a formulary?</u></b></p> <p>A formulary is a cost-effective solution to help you with select prescription drugs for you and your family. The formulary is a continually updated list of preferred drugs selected by a panel of physicians and pharmacists. A drug on the formulary benefits members as it gives them access to valuable medications at a lower co-payment. Both generic and brand drugs that provide effective, safe, and appropriate drug therapies are listed on the formulary</p>	<p><b><u>Generic Drugs versus Brand Name Drugs:</u></b></p> <p><i>Generic Drugs</i> are identical to brand name drugs, but are sold under their chemical generic name. Generic drugs must contain the same active chemical ingredients and be equivalent in strength and dosage from to the brand-name product. The federal Food and Drug Administration regulates the quality, strength and purity of generic drugs.</p> <p><i>Brand-Name Drugs</i> are drugs that are advertised and sold under a product name chosen by the manufacturer. In general, brand-name drugs are more expensive than generic drugs.</p>	<p><b><u>Mail Service Requirement:</u></b></p> <p>You may receive your first three refills for long-term or maintenance medications under the retail network service. Your fourth and future refills must be obtained through the mail service to avoid higher co-payments. <u>Long-term or maintenance medications filled at retail after the <i>first three refills</i> will be subject to <i>double</i> the retail co-payments for up to a 30-day supply (\$10 for generic, \$40 for brand, or \$70 for brand non-formulary)</u></p> <p>By using the mail service program you can receive up to a 90 day supply of long-term or maintenance medication for two months worth of retail co-payments. Mail service co-payments are as follows: \$12 generic, \$45 brand, or \$75 brand non-formulary.</p>
