Dependent Verification for University Benefits

The University of Notre Dame requires benefit eligible faculty and staff to provide documentation that supports current spousal or child relationship when enrolling a dependent in University Benefits.

If you are a new employee at the University or have a qualifying event, you will have 31 days from your benefit eligibility or qualifying event date to provide this documentation. If documentation is not received within this timeframe, applicable dependents will not be enrolled. The next opportunity to enroll will be during the University’s annual open enrollment period or if you experience a qualifying event.

If you are adding a spouse and/or dependent(s) during the annual open enrollment period, you will have until the second Friday in December to provide this documentation. If documentation is not received within this timeframe, applicable dependents will not be enrolled.
