

FMLA/STIR Checklist for Supervisors and Staff

During the FMLA/STIR leave, staff must remain in contact with their supervisor regarding their status as frequently as the supervisor deems appropriate and necessary under the circumstances. For staff on approved FMLA/STIR leaves that extend more than 30 days, contact must be made at a minimum of every 30 days to supervisor. For absences due to Intermittent FMLA, staff must notify supervisor and The Hartford for every absence.

The University requires staff to use available paid incidental, personal and vacation time **first** to the extent available, before the leave becomes unpaid. Refer to chart below regarding all other FMLA/STIR leaves. Before staff can return from a leave for their own serious health condition, the staff must present certification from their health care provider at least 3 days prior on the [Return to Work/Work Release](#) form that they are fit-for-duty and able to return to work.
