

# JUST A FEW REASONS WHY NOTRE DAME IS A GREAT PLACE TO WORK...

## EVERYTHING YOU NEED IS ON CAMPUS

### Heal. Unify. Enlighten.

Informed by our Catholic character, our work helps the University heal, unify, and enlighten our world.

### We Are All ND

We have a welcoming environment where everyone can flourish. Our diverse and inclusive community works hard together to help the University succeed.

### Life-Changing Compensation and Benefits

The University offers one of the top compensation and benefits packages in the nation, supporting the well-being of you and your family. It includes an on-site wellness center, a generous tuition benefit for your children, and great retirement savings options among others.

### Maximize Your Potential

We provide an environment for people to thrive personally and professionally. Just this year we'll offer over forty-five learning and organizational development programs for our staff.

### Great Recreational Facilities

If our weight lifting, bike riding, running, sailing, swimming, yoga, indoor track or rock climbing amenities aren't up your alley, we also have great squash and handball facilities.

### We Love Our Teams

Our teams work hard to win, and we work even harder to help prepare our students to be future leaders. We love to support our twenty Division I athletic teams, and especially love to join our students in over fifteen Intramural Sports.

### Unbeatable Commute Times

It rarely takes most of our faculty and staff more than twenty minutes to get to work.

### We Have Your Back

In addition to keeping this campus safe, if your car battery dies or you lock your keys inside your car, Notre Dame Security Police will come to your rescue.

### Stop and Smell the Flowers

It's hard to stay in a bad mood here. You can step outside and walk along scenic paths, a candlelit sanctuary, or snowy lakes while encountering the craftiest squirrels you'll ever meet.
