SUMMUS

UNIVERSITY OF NOTRE DAME | HUMAN RESOURCES

STAY UP TO DATE ON COVID-19:

Medical Expertise + Testing and Vaccine Navigation

Through virtual access to leading medical experts and intelligent navigation support, Summus is committed to helping Notre Dame families stay safe, healthy, and informed on COVID-19.

Speak with a Medical Expert

If you have medical questions about COVID-19, Summus will facilitate a consultation with a member of our Summus MD team to address your questions and concerns—by video or phone, from anywhere in the world.

Find Testing Locations Near You

Based on your needs, Summus will curate a list of local COVID-19 testing locations.

Find the Closest Vaccine Providers

Summus will provide a list of hospitals, pharmacies and centers for you to contact in the United States for the COVID-19 vaccine, including booster shots.

How COVID-19 Support Works

1. You or your family member completes a questionnaire in the Summus platform.
2. Speak with a Summus MD to review you and your family's specific questions and concerns about COVID-19, including questions following a COVID-19 infection, vaccine booster shots, or vaccine administration for children.
3. Summus's concierge service helps determine you or your family member's eligibility for the COVID-19 vaccine, including boosters and vaccines for children, and provides contact information for vaccine providers near you.

Employee Testimonials

Summus is amazing and did a wonderful job helping me find local vaccine providers for my mom."

My Summus MD was incredibly empathetic and helpful."

My family and I have really appreciated our Summus MD's insights and advice—and her willingness to make herself available for updates on my dad's treatment for COVID-19."
