ESTABLISHMENT OF THE PLAN

University of Notre Dame (the "Employer" or the "Plan Sponsor") has adopted this amended and restated Plan Document and Summary Plan Description effective as of January 1, 2018, for the University of Notre Dame Retiree CHA HMO Plan (Medical) (hereinafter referred to as the "Plan" or "Summary Plan Description"), as set forth herein for the exclusive benefit of its Retirees and their eligible Dependents. The Plan was originally adopted by the Employer effective as of January 1, 2003.

Purpose of the Plan

The Plan Sponsor has established the Plan for your benefit and for the benefit of your eligible Dependents, on the terms and conditions described herein. The Plan Sponsor's purpose in establishing the Plan is to help to protect you and your family by offsetting some of the financial problems that may arise from an Injury or Illness. To accomplish this purpose, the Plan Sponsor must attempt to control health care costs through effective plan design and the Plan Administrator must abide by the terms of the Plan Document and Summary Plan Description, to allow the Plan Sponsor to allocate the resources available to help those individuals participating in the Plan to manage their healthcare costs.

The Plan is not a contract of employment between you and your Employer and does not give you the right to be retained in the service of your Employer.

The purpose of this Plan is to set forth the terms and provisions of the Plan that provide for the payment or reimbursement of all or a portion of certain health care expenses. This Plan is maintained by the Plan Administrator and may be inspected at any time during normal working hours by you or your eligible Dependents.

Adoption of this Plan Document and Summary Plan Description

The Plan Sponsor, as the settlor of the Plan, hereby adopts this Plan Document and Summary Plan Description (SPD) as the written description of the Plan. This Plan represents both the Plan Document and the Summary Plan Description, which is required by the Employee Retirement Income Security Act of 1974, as amended from time to time. This Plan Document and SPD amends and replaces any prior statement of the health care coverage contained in the Plan or any predecessor to the Plan.

IN WITNESS WHEREOF, the Plan Sponsor has caused this Plan Document and Summary Plan Description to be executed as of the date set forth below.

GENERAL OVERVIEW OF THE PLAN

The Plan Administrator has entered into an agreement with one or more networks of Participating Providers (Hospitals and Physicians) called "Networks". These Networks offer you health care services at discounted rates. Using a Network provider will normally result in a lower cost to the Plan as well as a lower cost to you. The choice of provider is entirely up to you. However, if you and your Dependents are enrolled in the CHA HMO Plan option, you must seek care within the Network for expenses to be considered by the Plan.

Non-Participating Provider Exceptions

Covered services rendered by a Non-Participating Provider will be paid at the Participating Provider level subject to the Usual and Customary provision of the Plan (except for treatment of an Emergency Medical Condition) when a:

- (1) Covered Person receives services by a Non-Participating Provider (e.g. anesthesiologists, radiologists, pathologists, etc.) who is under agreement with a Network facility.

CHA Service Area

Expenses Incurred by a Covered Person from the St. Joseph Regional Medical Center Mobile Mammography Unit will be reimbursed at the Participating Provider benefit level.

Emergency Medical Services

CHA Service Area – Includes the following Counties in Indiana (St. Joseph, Elkhart, Fulton, LaGrange, Marshall, LaPorte, Stark and Porter) and the following Counties in Michigan (Cass, Berrien and St. Joseph).

If a Covered Person is provided Emergency Medical Condition services by a Non-Participating Provider located outside the CHA Service Area, the Covered Person will be reimbursed at the Participating Provider benefit level.

If a Covered Person is provided Emergency Medical Condition services by a Non-Participating Provider located in the CHA Service Area when the emergency is deemed to be life-threatening (see the Emergency Medical Condition definition), the Covered Person will be reimbursed at the Participating Provider benefit level.

If a Covered Person is provided Emergency Medical Condition services by a Non-Participating Provider located in the CHA Service Area when the Accident or Injury is deemed not to be life-threatening but is determined to be a Emergency Medical Condition by a prudent layperson (see the Emergency Medical Condition Emergency definition), the Covered Person will not be reimbursed at the Participating Provider benefit level.

Costs

You must pay for a certain portion of the cost of Covered Expenses under the Plan, including (as applicable) any Copay, Deductible and Coinsurance percentage that is not paid by the Plan, up to the Out-of-Pocket Maximum set by the Plan.

Coinsurance

Coinsurance is the percentage of eligible expenses the Plan and the Covered Person are required to pay. The amount of Coinsurance a Covered Person is required to pay is the difference from what the Plan pays as shown in the Medical Schedule of Benefits.

Copay

A Copay is the portion of the medical expense that is your responsibility, as shown in the Medical Schedule of Benefits. A Copay is applied for each occurrence of such covered medical service and is not applied toward satisfaction of the Deductible.

Deductible

A Deductible is the total amount of eligible expenses as shown in the Medical Schedule of Benefits, which must be Incurred by you during any Calendar Year before Covered Expenses are payable under the Plan. The family Deductible maximum, as shown in the Medical Schedule of Benefits, is the maximum amount which must be Incurred by the covered family members during a Calendar Year. However, each individual in a family is not required to contribute more than one individual Deductible amount to a family Deductible.

Out-of-Pocket Maximum

An Out-of-Pocket Maximum is the maximum amount you and/or all of your family members will pay for eligible expenses Incurred during a Calendar Year before the percentage payable under the Plan increases to 100%.

The single Out-of-Pocket Maximum applies to a Covered Person with single coverage. When a Covered Person reaches his or her Out-of-Pocket Maximum, the Plan will pay 100% of additional eligible expenses for that individual during the remainder of that Calendar Year.

The family Out-of-Pocket Maximum applies collectively to all Covered Persons in the same family. The family Out-of-Pocket Maximum, if applicable, is the maximum amount that must be satisfied by covered family members during a Calendar Year. The entire family Out-of-Pocket Maximum must be satisfied; however each individual in a family is not required to contribute more than the single Out-of-Pocket amount to the family Out-of-Pocket Maximum before the Plan will pay 100% of Covered Expenses for any Covered Person in the family during the remainder of that Calendar Year.

Please note that not all Covered Expenses are eligible to accumulate toward your Out-of-Pocket Maximum. The types of expenses, which are not eligible to accumulate toward your Out-of-Pocket Maximum, (“non-accumulating expenses”) include:

- (1) Charges over Usual and Customary Charges for Non-Participating Providers.
- (2) Charges this Plan does not cover.

Reimbursement for these non-accumulating expenses will continue at the percentage payable shown in the Schedule of Benefits, subject to the Plan maximums.

Once you have paid the Out-of-Pocket Maximum for eligible expenses Incurred during a Calendar Year, the Plan will reimburse additional eligible expenses Incurred during that year at 100%.

If you have any questions about whether an expense is a Covered Expense or whether it is eligible for accumulation toward your Out-of-Pocket Maximum, please contact your Plan Administrator for assistance

NOTE: Your prescription drug benefits are described in separate documentation. However, any prescription drug Copays paid by you will accumulate toward the same Out-of-Pocket Maximum.

Non-Essential Health Benefits

Essential Health Benefit has the meaning found in section 1302(b) of the Patient Protection and Affordable Care Act and as may be further defined by the Secretary of the United States Department of Health and Human Services. Essential Health Benefits includes the following general categories and the items and services covered within such categories: ambulatory patient services; Emergency Services; hospitalization; maternity and newborn care; mental health and substance use disorder services (including behavioral health treatment); Prescription Drugs; rehabilitative and habilitative services and devices; laboratory service; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care. Eligible expenses will be payable as shown in the Medical Schedule of Benefits and/or as specified under Eligible Medical Expenses. See the General Exclusions and Limitations for a list of services not covered under the Plan.

The Plan considers the following items or services to be non-Essential Health Benefits:

- (1) Hearing aids
- (2) Temporomandibular joint dysfunction

MEDICAL MANAGEMENT PROGRAM

You, your eligible Dependents or a representative acting on your behalf, must call the Medical Management Program Administrator to receive certification of Inpatient admissions (other than admissions for an Emergency Medical Condition), as well as other non-Emergency Services listed below. This call must be made at least 24 hours in advance of Inpatient admissions or receipt of the non-Emergency Services listed below. If the Inpatient admission is with respect to an Emergency Medical Condition, you must notify the Medical Management Program Administrator within 48 hours or if later, by the next business day after the Emergency Medical Condition admission. Failure to obtain precertification or notify the Medical Management Program Administrator within the time frame indicated above may result in eligible expenses being reduced or denied. Please refer to the penalty section below.

Medical Management is a program designed to help ensure that you and your eligible Dependents receive necessary and appropriate healthcare while avoiding unnecessary expenses. The program consists of:

- (1) Precertification of Medical Necessity. The following items and/or services must be precertified before any medical services are provided:
 - (a) CT scans - all outpatient settings, including but not limited to outpatient Hospital, services rendered in a Physician's office and laboratories. Precertification is not required for services rendered at an Inpatient Hospital or an emergency room
 - (b) Developmental delays
 - (c) Inpatient admissions, including Inpatient admissions to a Skilled Nursing Facility, Extended Care Facility, Rehabilitation Facility, and Inpatient admissions due to a Mental Disorder or Substance Use Disorder
 - (d) Orthopedic surgeries for spine and hip procedures
- (2) Concurrent Review for continued length of stay and assistance with discharge planning activities.
- (3) Retrospective review for Medical Necessity where precertification is not obtained or the Medical Management Program Administrator is not notified.

Medical Management Does Not Guarantee Payment. All benefits/payments are subject to the patient's eligibility for benefits under the Plan. For benefit payment, services rendered must be considered an eligible expense under the Plan and are subject to all other provisions of the Plan.

This program is not designed to be the practice of medicine or to be a substitute for the medical judgment of the attending Physician or other healthcare provider.

How the Program Works

Precertification

Before you or your eligible Dependents are admitted to a medical facility or receive items or services that require precertification on a non-Emergency Medical Condition basis (that is an Emergency Medical Condition is not involved), the Medical Management Program Administrator will, based on clinical information from the provider or facility, certify the care according to the Medical Management Program Administrator's policies and procedures.

The Medical Management Program is set in motion by a telephone call from you, the patient or a representative acting on your behalf or on behalf of the patient.

To allow for adequate processing of the request, contact the Medical Management Program Administrator at least 24 hours before receiving any item or service that requires precertification or an Inpatient admission for a Non-Emergency Medical Condition with the following information:

- (1) Name, identification number and date of birth of the patient;
- (2) The relationship of the patient to the covered Retiree;
- (3) Name, identification number, address and telephone number of the covered Retiree;

- (4) Name of Employer and group number;
- (5) Name, address, Tax ID # and telephone number of the admitting Physician;
- (6) Name, address, Tax ID # and telephone number of the medical facility with the proposed date of admission and proposed length of stay;
- (7) Proposed treatment plan; and
- (8) Diagnosis and/or admitting diagnosis.

If there is an Inpatient admission with respect to an Emergency Medical Condition, you, the patient or a representative acting on your behalf or on behalf of the patient, including, but not limited to, the Hospital or admitting Physician, must contact the Medical Management Program Administrator within 48 hours after the start of the confinement or on the next business day, whichever is later.

Hospital stays in connection with childbirth for either the mother or newborn may not be less than 48 hours following a vaginal delivery or 96 hours following a cesarean section. These requirements can only be waived by the attending Physician in consultation with the mother.

You, the patient and the providers are NOT REQUIRED to obtain precertification for a maternity delivery admission, unless the stay extends past the applicable 48- or 96-hour stay. A Hospital stay begins at the time of delivery or for deliveries outside the Hospital, the time the newborn or mother is admitted to a Hospital following birth, in connection with childbirth. If a newborn remains hospitalized beyond the time frames specified above, the confinement must be precertified with the Medical Management Program Administrator or a penalty will be applied.

The Medical Management Program Administrator, in coordination with the facility and/or provider, will make a determination on the number of days certified based on the Medical Management Program Administrator's policies, procedures and guidelines. If the confinement will last longer than the number of days certified, a representative of the Physician or the facility must call the Medical Management Program Administrator before those extra days begin and obtain certification for the additional time. If the additional days are not requested and certified, room and board expenses will not be payable for any days beyond those certified.

If the patient does not obtain precertification for their Inpatient admission at least 24 hours in advance of the admission or notify the Medical Management Program Administrator within 48 hours after an Emergency Medical Condition admission or if precertification is obtained or notification received outside the time frames specified, eligible expenses may be reduced or denied. Please refer to the penalty section below.

Penalty

If you fail to obtain precertification or fail to notify the Medical Management Program Administrator within the time periods described above, benefits under the Plan will be reduced as follows:

- (1) Covered Expenses will be reduced by 50% per occurrence and this penalty amount will accumulate toward any Out-of-Pocket Maximum limit.

If the Plan's required review procedures are not followed, a retrospective review will be conducted by the Medical Management Program Administrator to determine if the services provided met all other Plan provisions and requirements. If the review concludes the services were Medically Necessary and would have been approved had the required phone call been made, benefits will be considered, subject to the penalty outlined above. However, any charges not deemed Medically Necessary will be denied.

Concurrent Review, Discharge Planning

Discharge planning needs is part of the Medical Management Program. The Medical Management Program Administrator will assist and coordinate the initial implementation of any services the patient will need post hospitalization with the attending Physician and the facility. If the attending Physician feels that it is Medically Necessary for a patient to stay in the medical care facility for a greater length of time than has been precertified, the attending Physician or the medical facility must request the additional service or days.

Concurrent Inpatient Review

Once the Inpatient setting has been precertified, the on-going review of the course of treatment becomes the focus of the program. Working directly with your Physician, the Medical Management Program Administrator will identify and approve the most appropriate and cost-effective setting for the treatment as it progresses.

To File a Complaint or Request an Appeal to a Non-Certification

Verbal appeal requests and information regarding the appeal process should be directed to the Medical Management Program Administrator as identified on the General Plan Information page of this Plan.

Case Management

When a catastrophic condition, such as a spinal cord injury, cancer, AIDS or a premature birth occurs, a person may require long-term, perhaps lifetime care. After the patient's condition is diagnosed, the patient might need extensive services or might be able to be moved into another type of care setting, even to the patient's home.

Case management is a program whereby a Case Manager contacts the patient to obtain consent for case management services. The Case Manager monitors the patient and explores, discusses and recommends coordinated and/or alternate types of appropriate medical care. The Case Manager consults with the patient, family and the attending Physician in order to develop a plan of care for approval by the patient's attending Physician and the patient.

This plan of care may include some or all of the following:

- (1) Personal support to the patient;
- (2) Contacting the family to offer assistance and support;
- (3) Monitoring Hospital or skilled nursing care or home health care;
- (4) Determining alternative care options; and
- (5) Assisting in obtaining any necessary equipment and services.

Case management occurs when this alternate benefit will be beneficial to both the patient and the Plan.

The Case Manager will coordinate and implement the case management program by providing guidance and information on available resources and suggesting the most appropriate treatment plan. The Plan staff, attending Physician, patient and patient's family must all agree to the alternate treatment plan.

Case management is a voluntary service. There are no reductions of benefits or penalties if the patient and family choose not to participate.

Each treatment plan is individually tailored to a specific patient and should not be seen as appropriate or recommended for any other patient, even one with the same diagnosis.

Medical Management will not interfere with your course of treatment or the Physician-patient relationship. All decisions regarding treatment and use of facilities will be yours and should be made independently of this Program.

The Medical Management Program Administrator contact information for this Plan is identified on the Retiree identification card and also on the General Plan Information page of this Plan.

Baby Steps Maternity Management

NOTE: You may receive a credit of \$500 to be applied toward your Participating Provider Calendar Year Deductible and/or Out-of-Pocket Maximum if you participate in this program during your first trimester, or if you are a newly eligible Covered Person and you enroll within 30 days of initial eligibility. This credit will be paid to the provider if your Deductible has been met and/or waived.

The primary objective of the Maternity Management program is to anticipate the possibility of a high or moderate risk Pregnancy and help coordinate effective medical care.

It is highly recommended, but not a requirement of the Plan, that expectant mothers call Medical Management during the first trimester of Pregnancy or upon confirmation of Pregnancy. At this time, an RN will ask questions about the expectant mother's general health and medical history. This information will be discussed with the Covered Person's Physician to help determine the risk factor of the Pregnancy.

As part of the program, a nurse will be available as an advisor and maternal/newborn specialist. The nurse can:

- (1) Discuss health history;
- (2) Discuss diet and exercise routines;
- (3) Identify potential pregnancy risk factors;
- (4) Discuss ways to minimize these risks for mother and baby;
- (5) Answer questions and provide written material on pregnancy and child care issues that are a concern;
- (6) Provide community resources where to find additional information;
- (7) Contact the expectant mother's physician to assist in the coordination of her care, and;
- (8) Provide education and support related to labor and delivery.

ELIGIBILITY FOR PARTICIPATION

Retiree Eligibility

- (1) You are eligible for coverage under this Plan as a Retiree if you are a full-time Employee who is age 45 or older and has 10 or more years of service with the Employer and were covered under the Plan as of the date of your retirement. You may also elect to continue coverage for your Spouse and any eligible Dependents.
- (2) You are eligible for coverage under this Plan as a disability Retiree of the Employer.

At the time of retirement you may elect to enroll in COBRA Continuation Coverage in lieu of Retiree coverage. If you elect COBRA Continuation Coverage in lieu of Retiree coverage for yourself and any eligible Dependents or if you fail to make any election under the Plan, you and/or your Dependents will not be eligible to enroll in the Retiree coverage under the Plan at a later time. If however, you elect Retiree coverage in lieu of COBRA Continuation Coverage, the Retiree coverage under the Plan will be treated as alternative coverage and you will not be eligible to continue coverage under COBRA once Retiree coverage under the Plan has ended.

If you decide to enroll yourself and your eligible Dependents in Retiree coverage, you must enroll by completing all required election and enrollment forms and submitting them to the Plan Administrator within 31 days after your retirement date. Participation in the Plan will begin for you and any eligible Dependents as of your date of retirement provided all required election and enrollment forms are properly submitted to the Plan Administrator. The amount of any required contribution will be communicated to you prior to the date of your retirement.

Dependent Eligibility

Your Dependents are eligible for participation in this Plan provided he/she is:

- (1) Your Spouse as defined by the State of Indiana.
- (2) Your Child until the end of the month in which he/she attains age 26.
- (3) Your Child age 26 or older, who is unable to be self supporting by reason of mental or physical handicap and is incapacitated, provided the child suffered such incapacity prior to the end of the month in which he/she attained age 26. Your Child must be unmarried, primarily dependent upon you for support and not eligible for any other type of health coverage (other than Medicaid or Medicare). The Plan Sponsor may require subsequent proof of your Child's disability and dependency, including a Physician's statement certifying your Child's physical or mental incapacity.
- (4) A child for whom you are required to provide health coverage due to a Qualified Medical Child Support Order (QMCSO). Procedures for determining a QMCSO may be obtained from the Plan Administrator at no cost.

The below terms have the following meanings:

"Child" means your natural born son, daughter, stepson, stepdaughter, legally adopted child (or a child placed with you in anticipation of adoption), Eligible Foster Child or a child for whom you are the Legal Guardian. Coverage for an Eligible Foster Child or a child for whom you are the Legal Guardian will remain in effect as long as the guardian and child maintain this relationship.

"Child placed with you in anticipation of adoption" means a child that you intend to adopt, whether or not the adoption has become final, who has not attained the age of 18 as of the date of such placement for adoption. The term "placed" means the assumption and retention by you of a legal obligation for total or partial support of the child in anticipation of adoption of the child. The child must be available for adoption and the legal process must have commenced.

The Plan Administrator requires documentation that supports current spousal or child relationship when enrolling a Dependent in the Plan. Such documentation to prove dependency may include birth certificates, tax records and marriage certificates.

"Legal Guardian" means a person recognized by a court of law as having the duty of taking care of the person and managing the property and rights of an individual that is placed with such person by judgment, decree or other order of any court of competent jurisdiction.

“Spouse” means any person who is lawfully married to you under any state law, including persons of the same sex who were legally married in a state that recognizes such marriages, but who may reside in a state that does not recognize same sex marriages. Specifically excluded from this definition is a spouse by reason of common law marriage, whether or not permitted in your state. The Plan Administrator will require documentation proving a legal marital relationship.

The Plan Administrator, in its sole discretion, shall have the right to require documentation necessary to establish an individual’s status as an eligible Dependent.

When you and your Spouse are both Covered Retirees

When both you and your Spouse are covered Retirees, each of you must choose coverage as either a Retiree or as a Dependent. You may not be covered under this Plan as both a Retiree and a Dependent.

Court Ordered Coverage for a Child

Federal law requires the Plan, under certain circumstances, to provide coverage for your children. The details of these requirements are summarized below.

The Plan Administrator shall enroll for immediate coverage under this Plan any Child, who is the subject of a “qualified medical child support order” (“QMCSO”). If you are ordered to provide such coverage for a Child and you are not enrolled in the Plan at the time the Plan Administrator receives a QMCSO, the Plan Administrator shall also enroll you for immediate coverage under this Plan. Coverage under the Plan will be effective as of the later of the date specified in the order or the date the Plan Administrator determines that the order is a QMCSO. Any required contribution for coverage pursuant to this section will be deducted from your pay in accordance with the Employer’s payroll schedule and policies.

A QMCSO is defined as a child support decree or order issued by a court (or a state administrative agency that has the force and effect of law under applicable state law) that obligates you to support or provide health care coverage to your child and includes certain information concerning such coverage. The Plan Administrator will determine whether any child support order it receives constitutes a QMCSO. Except for QMCSO’s, no child is eligible for Plan coverage, even if you are required to provide coverage for that child under the terms of a separation agreement or court order, unless the child is an eligible Child under this Plan. Procedures for determining a QMCSO may be obtained, free of charge, by contacting the Plan Administrator.

Timely Enrollment

Once you are eligible to participate in the Plan, you must enroll for coverage by completing all election and enrollment forms and submitting them to the Plan Administrator within 31 days after satisfaction of the eligibility requirements. If you are required to contribute towards the cost of coverage you must complete and submit a payroll deduction authorization for the Plan Administrator to deduct the required contribution from your pay. In addition, as part of the enrollment requirements, you will be required to provide your social security number, as well as the social security numbers of your Dependents. The Plan Administrator may request this information at any time for continued eligibility under the Plan. Failure to provide the required social security numbers may result in loss of eligibility or loss of continued eligibility under the Plan.

If you decline enrollment for you and/or your Dependents, you must provide a written statement to the Plan Administrator indicating that the reason you are declining enrollment is due to other health coverage. If you lose such other health coverage, it may constitute a Special Enrollment Event (described below) that gives you and/or your Dependents a right to enroll in the Plan mid-year due to such loss of coverage. However, if you failed to submit such written statement when initially eligible, you will lose your right to this special mid-year enrollment opportunity.

If you fail to complete and submit the appropriate election and enrollment forms within the 31-day period described above, you will not be eligible to enroll in the Plan until the next open enrollment period or unless you experience a Special Enrollment Event or a Status Change Event.

Open Enrollment Period

You and your Dependents may enroll for coverage during the Plan’s open enrollment period, designated by the Plan Sponsor and communicated to you prior to such open enrollment period. During this time you will be permitted to make changes to any existing benefit elections. Benefit elections made during the open enrollment period will be effective as of January 1 and will remain in effect until the next open enrollment period unless you experience or your Dependent experiences a Special Enrollment Event or Status Change Event.

Late Enrollment

If you did not enroll during your original 31-day eligibility period you may do so by making written application to the Plan Administrator during the annual open enrollment period (refer to annual open enrollment period section above). In these circumstances, you and/or your eligible Dependents will be considered Late Enrollees.

Special Enrollment Event

A special enrollment event occurs when you or your Dependents suffer a loss of other health care coverage, when you become eligible for a state premium assistance subsidy or acquire a new Dependent as a result of marriage, birth, adoption or placement for adoption. In these circumstances, you and/or your eligible Dependents will be considered Special Enrollees.

Each special enrollment event is more fully described below:

- (1) **Loss of Other Coverage (other than under Medicaid or SCHIP).** If you declined enrollment for yourself or your Dependents (including your Spouse) because you or your Dependents had other health coverage (including coverage under a group health plan sponsored by a governmental or educational institution, a medical care program of the Indian Health Service or of a tribal organization), you may enroll for coverage for yourself and/or your Dependents under this Plan if the other health coverage is lost as a result of one of the following provided, however, you submitted a written statement to the Plan Administrator when you and/or your Dependents were initially eligible stating that other health coverage was the reason for declining enrollment under this Plan:
 - (a) The other health coverage was under COBRA and the maximum continuation period available under COBRA has been exhausted;
 - (b) Loss of eligibility under the other health coverage for reasons other than non-payment of the required contribution or premium, making a fraudulent claim or intentional misrepresentation of a material fact in connection with the other plan; or
 - (c) Employer contributions cease for the other health coverage.

If you are already enrolled in a benefit option available under the Plan and your Dependent lost his or her other health coverage, you may enroll in a different benefit option available under the Plan due to the special enrollment event of your Dependent.

You must submit the appropriate election and enrollment forms to the Plan Administrator within 31 days after the date the other health coverage was lost. Coverage under the Plan will become effective on the day of the event provided you submit the appropriate election and enrollment forms to the Plan Administrator.

- (2) **Loss of Coverage under Medicaid or SCHIP or Eligibility for a State Premium Assistance Subsidy.** If you or your Dependents did not enroll in the Plan when initially eligible because you and/or your Dependents were covered under Medicaid or a state sponsored Children's Health Insurance Program (SCHIP) and your coverage terminates because you or your Dependents are no longer eligible for Medicaid or SCHIP or you or your Dependents become eligible for a state premium assistance subsidy under Medicaid or SCHIP, you may enroll for coverage under this Plan for yourself and your Dependents after Medicaid or SCHIP coverage terminates or after you or your Dependents' eligibility for a state assistance subsidy under Medicaid or SCHIP is determined.

You must submit the appropriate election and enrollment forms to the Plan Administrator within 60 days after coverage under Medicaid or SCHIP terminates or within 60 days after eligibility for a state premium assistance subsidy under Medicaid or SCHIP is determined. Coverage under the Plan will become effective on the day of the event provided you submit the appropriate election and enrollment forms to the Plan Administrator.

- (3) **Addition of a New Dependent.** If you acquire a new Dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll for coverage under this Plan for yourself and your Dependents. You must submit the appropriate election and enrollment forms to the Plan Administrator your Human Resources Department within 31 days after the date you acquire such Dependent.
- (a) Coverage becomes effective for a Dependent Child who is born after the date your coverage becomes effective as of such child's date of birth and will continue for the first 31 days after birth. If you wish to continue coverage beyond this 31-day period, you must complete and submit the required election and enrollment forms (including a payroll deduction authorization, if applicable) within 31 days after the child's birth. Failure to enroll in the Plan within the 31-day period described above will result in no coverage under the Plan beyond the first 31 days after the child's birth.
 - (b) Coverage for a newly acquired Dependent due to marriage will be effective on the date of marriage provided you complete and submit the required election and enrollment forms (including a payroll deduction authorization, if applicable) within 31 days after your date of marriage. Failure to enroll in the Plan within the 31-day period described above will result in no coverage under the Plan.
 - (c) Coverage for a newly acquired Dependent due to adoption (or placement with you in anticipation of adoption) will be effective as of the date of adoption (or placement in anticipation of adoption) provided you complete and submit the required election and enrollment forms (including a payroll deduction authorization, if applicable) within 31 days after adoption or placement in anticipation of adoption, as applicable. Failure to enroll in the Plan within the 31-day period described above will result in no coverage under the Plan.

Status Change Event

Generally your election under the Plan will remain in effect for the entire Plan Year unless you experience a Special Enrollment Event (described above) or a Status Change Event. If a Status Change Event occurs you may make a new election under the Plan provided your new election is consistent with the Status Change Event. A Status Change Event includes the following:

- (1) A change in your legal marital status, including divorce, legal separation or annulment;
- (2) The death of your Spouse or Dependent Child;
- (3) Termination or commencement of employment by you, your Spouse or your Dependent Child that results in the gain or loss of eligibility under the Plan or another employer-sponsored employee benefit plan;
- (4) A reduction or increase in your hours of employment or those of your Spouse or your Dependent Child, including a switch from part-time to full-time or commencement or return from an unpaid leave of absence, resulting in the gain or loss of eligibility under the Plan or another employer-sponsored employee benefit plan;
- (5) A change due to your Dependent Child satisfying or ceasing to satisfy the requirements for Dependents under the Plan;
- (6) A change in the place of residence (including moving out of coverage area permanently and out of the area served by the local Network, except when leaving for college) or work of you, your Spouse or your Dependent Child;
- (7) Entitlement to or loss of entitlement to Medicare or Medicaid by you, your Spouse or your Dependent Child;
- (8) Receipt of a Qualified Medical Child Support Order ("QMCSO") which requires that you provide the child named in the Order with health care coverage under the Plan. If the required coverage is different from your current coverage under the Plan, you may change your election accordingly;
- (9) A change due to you, your Spouse or your Dependent Child gaining coverage under another employer's plan;
- (10) A significant increase in the cost of your coverage under the Plan during the Plan Year. If the cost of your coverage under the Plan significantly increases during the Plan Year, you may choose one of the following options: (a) maintain existing coverage and agree to pay the increased cost; (b) revoke your existing election and elect similar coverage under another Plan option (if any); or (c) drop coverage under the Plan, but only if there is no similar option available under the Plan;

- (11) Addition or significant improvement of a Plan option. If the Plan adds a new option or significantly improves an existing option, you may revoke your existing election and elect coverage under the new option. Any eligible Retiree, regardless of whether or not he/she elected coverage under the Plan previously, may elect coverage under any new option or significantly improved option for himself or herself and any eligible Dependents;
- (12) Significant Curtailment of Coverage without Loss. If your coverage under the Plan is significantly curtailed without a loss of coverage (for example, a significant increase in the Out-of-Pocket maximum you are required to pay), you may revoke your existing election under the Plan and elect coverage under a similar Plan option, if any. If no similar option is available, then you must maintain your existing election until the end of the current Plan Year;
- (13) Significant Curtailment of Coverage with Loss. If your coverage under the Plan is significantly curtailed with a loss of coverage, including loss of COBRA coverage (for example, elimination of a benefit option under the Plan or change of residence or work), then you may either revoke your existing election under the Plan and elect coverage under a similar Plan or Plan option (if any) or drop your existing coverage provided there is no similar Plan option available; and
- (14) Change in Election under another Employer Plan. You may make an election change that is on account of and corresponds with a change made under another employer-sponsored plan (including another plan maintained by the Employer or a plan maintained by the employer of your Spouse or Dependent Child) provided the election change satisfied the regulations under Code Section 125 regarding permitted election changes or the election is for a period of coverage under the plan maintained by the other employer which does not correspond to the Plan Year of this Plan.

You must submit the appropriate election and enrollment forms to the Plan Administrator within 31 days after the Status Change Event. Coverage under the Plan will become effective on the last day of the month following the day you submit the appropriate election and enrollment forms to the Plan Administrator when the qualifying event concerns the death of your Spouse or Dependent child, termination of coverage or in the case of divorce. All other status changes will become effective on the day of the qualifying event provided you submit the appropriate election and enrollment forms to the Plan Administrator.

TERMINATION OF COVERAGE

Termination of Retiree and Dependent Coverage

Coverage under the Plan will terminate for you and any Dependents on the earliest of the following dates:

- (1) The date in which you attain age 65.
- (2) The end of the month in which a required contribution has not been paid.
- (3) The date the Plan terminates or no longer provides Retiree coverage.
- (4) The end of the month in which a Dependent no longer satisfies the eligibility requirements as a Dependent under the terms of the Plan.
- (5) The end of the month of a Retiree's death.
- (6) The date you or your Dependent (or any person seeking coverage on behalf of you or your Dependent) performs an act, practice or omission that constitutes fraud; and
- (7) The date you or your Dependent (or any person seeking coverage on behalf of you or your Dependent) makes an intentional misrepresentation of a material fact.

Retroactive Termination of Coverage

Except in cases where you and/or your covered Dependents fail to pay any required contribution to the cost of coverage, the Plan will not retroactively terminate coverage under the Plan unless you and/or your covered Dependents (or a person seeking coverage on behalf of you and/or your covered Dependents) performs an act, practice or omission that constitutes fraud with respect to the Plan or unless the individual makes an intentional misrepresentation of material fact. In such cases, the Plan will provide at least 30 days advance written notice to you or your covered Dependent who is affected before coverage will be retroactively terminated. As provided above, coverage may be retroactively terminated in cases where required employee contributions have not been paid by the applicable deadline. In those cases, no advance written notice is required.

ELIGIBLE MEDICAL EXPENSES

Eligible expenses shall be the charges actually made for services provided to the Covered Person and will be considered eligible only if the expenses are:

- (1) Routine care or preventive services provided such services are ordered and performed by a Physician and not otherwise excluded under the Plan; or

(39) **Occupational Therapy:** Rehabilitative occupational therapy rendered by a qualified Physician or a licensed occupational therapist under the recommendation of a Physician. Expenses for Maintenance Therapy, supplies used in occupational therapy, or therapy primarily for recreational or social interaction will not be considered eligible.

The Plan will cover services provided for Pervasive Developmental Disorder (PDD), including but not limited to, Asperger's syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association. Covered services will include Physical Therapy, Speech Therapy and Occupational Therapy.

Eligible expenses will be payable as shown in the Medical Schedule of Benefits.

(40) **Off-Label Drug Use:** Expenses related to Off-Label Drug Use (the use of a drug for a purpose other than that for which it was approved by the FDA) will be eligible for coverage when all of the following criteria have been satisfied:

(a) The named drug is not specifically excluded under the General Exclusions and Limitations section of the Plan; and

(b) The named drug has been approved by the FDA; and

- (c) The Off-Label Drug Use is appropriate and generally accepted by the medical community for the condition being treated; and

If the drug is used for the treatment of cancer, The American Hospital Formulary Service Drug Information or NCCN Drugs and Biologics Compendium recognize it as an appropriate treatment for that form of cancer.

- (41) **Outpatient Pre-Admission Testing:** Outpatient pre-admission testing performed within 7 days of a scheduled Inpatient hospitalization or Surgery. Eligible expenses will be payable as shown in the Medical Schedule of Benefits.
- (42) **Physical Therapy:** Physical therapy rendered by a qualified Physician or a licensed physical therapist. Therapy must be in accord with a Physician's or licensed physical therapist's exact orders as to the type, frequency and duration of therapy and for conditions which are subject to significant improvement through short-term therapy. Physical therapy may be directly provided by a licensed physical therapist without a Physician's referral for up to 24 calendar days, beginning with the date of initiation of treatment. If additional physical therapy is needed beyond 24 calendar days, a Physician's referral is required. However, a Physician's referral is always required before a licensed physical therapist may perform spinal manipulation or sharp debridement.

Massage therapy will be considered a Covered Expense only when part of an overall patient treatment plan and the services are provided by an eligible provider. Maintenance Therapy will not be considered eligible.

The Plan will cover services provided for Pervasive Developmental Disorder (PDD), including but not limited to, Asperger's syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association. Covered services will include Physical Therapy, Speech Therapy and Occupational Therapy.

Eligible expenses will be payable as shown in the Medical Schedule of Benefits.

- (43) **Physician's Services:** Services of a Physician for medical care or Surgery.
 - (a) Services performed in a Physician's office on the same day for the same or related diagnosis. Services include, but are not limited to: examinations, x-ray and laboratory tests (including the reading or processing of the tests), supplies, injections, cast application and minor Surgery. If more than one Physician is seen in the same clinic on the same day, only one Copay will apply.
 - (b) Diagnostic x-ray and laboratory services which are ordered on the same day as the office visit, but performed or read at a later date and/or at another facility will be considered as part of the office visit.
 - (c) For multiple or bilateral surgeries performed during the same operative session which are not incidental or not part of some other procedure and which add significant time or complexity (all as determined by the Plan) to the complete procedure, the charge considered will be: (i) 100% for the primary procedure; (ii) 50% for the secondary procedure, including any bilateral procedure; and (iii) 50% for each additional covered procedure. This applies to all Surgical Procedures, except as determined by the Plan.
 - (d) For surgical assistance by an Assistant Surgeon, the charge will be 25% of the Usual and Customary Charge for the corresponding Surgery.

Eligible expenses will be payable as shown in the Medical Schedule of Benefits.

- (44) **Prescription Drugs:** Drugs or supplies dispensed through the Physician's office, and take-home Prescription Drugs from a Hospital, for which the patient is charged. Please refer to the preventive services section under Eligible Medical Expenses with respect to Preventive Drug coverage.

(45) **Preventive Services and Routine Care:** The following preventive services and routine care are paid as shown in the Medical Schedule of Benefits:

(a) Preventive Services

(i) Evidence-based preventive services

Evidence-based items or services that have in effect a rating of “A” or “B” in the current recommendations of the United States Preventive Services Task Force (the “Task Force”) with respect to the individual involved, except that with respect to breast cancer screening, mammography and prevention of breast cancer, the recommendations of the Task Force issued in 2002 will be considered the current recommendations until further guidance is issued by the Task Force or the Health Resources and Services Administration.

(ii) Routine Vaccines

Immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention with respect to the individual involved.

(iii) Prevention for Children

With Respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration.

(iv) Prevention for Women

With respect to women, such additional preventive care and screenings, not otherwise addressed by the Task Force, as provided for in comprehensive guidelines supported by the Health Resources and Services Administration and published on August 1, 2011 (or any applicable subsequent guidelines or guidance requiring any additional women’s preventive services). Those guidelines generally include the following:

(A) Well-woman visits. Well-woman preventive care visits annually for adult women to obtain the recommended preventive services that are age and developmentally appropriate, including preconception and prenatal care. The inclusion of a well-woman visit is not meant to limit the coverage for any other preventive service described elsewhere in this Plan document that might be administered as part of the well-woman visit.

Coverage for prenatal care is limited to pregnancy-related Physician office visits including the initial and subsequent history and physical exams of the pregnant woman. In the event a provider bills a “maternity global rate”, the portion of the claim that will be considered for prenatal visits and therefore, preventive care, is 40% of the “maternity global rate”. As a result, 60% of the “maternity global rate” will be considered for delivery and postnatal care and the normal cost-sharing provisions would apply. Items not considered preventive (and therefore subject to normal cost-sharing provisions) include Inpatient admissions, high risk specialist units, ultrasounds, amniocentesis, fetal stress tests, delivery including anesthesia and certain pregnancy diagnostic lab tests.

(B) Screening for gestational diabetes. A maximum of 5 screenings for gestational diabetes shall be covered in pregnant women.

(C) Human papillomavirus (HPV) testing. High-risk HPV DNA testing in women with normal cytology results. Screening is limited to women age 30 or older and is limited to 1 screening every 3 Calendar Years.

(D) Counseling annually for sexually transmitted infections (including for the human immunodeficiency virus (HIV)) and screening annually for HIV for all sexually active women. Limited to 2 counseling sessions per Calendar Year.

- (E) Screening and counseling annually for interpersonal and domestic violence.
- (F) Contraceptive methods and counseling: This Plan is sponsored by a religious employer and is exempt from this requirement. As such, this Plan does not provide coverage for contraceptive services, including without limitation, coverage for any of the following: contraceptive methods and counseling; FDA approved contraceptive methods; and sterilization procedures and patient education and counsel for women with reproductive capacity.
- (G) Breastfeeding support, supplies and counseling in conjunction with each birth, including the following:
 - (1) Comprehensive lactation support and counseling by a trained provider during pregnancy and/or in the postnatal period (60 days from baby's date of birth). Lactation consultation is limited to 6 cumulative visits per 12-month period.
 - (2) Breastfeeding equipment will be covered, subject to the following:
 - (i) Rental of a Hospital grade electric pump while the baby is Hospital confined; and
 - (ii) Purchase of a standard (non-Hospital grade) electric breast pump or manual breast pump if requested during pregnancy or during the duration of breastfeeding, provided the Covered Person has not received either a standard electric breast pump or a manual breast pump within the last 3 Calendar Years and provided the Covered Person remained continuously enrolled in the Plan.
 - (3) For women using a breast pump from a prior pregnancy, 1 new set of breast pump supplies will be covered at 100% with each subsequent pregnancy for initiation or continuation of breastfeeding.

For a detailed listing of women's preventive services, please visit the U.S. Department of Health and Human Services website at: <http://www.hrsa.gov/womensguidelines>. For a paper copy, please contact the Plan Administrator. To the extent the above does not cover any preventive service required to be covered under the guidelines published by the Health Resources and Services Administration on August 1, 2011 (or any applicable subsequent guidelines or guidance requiring any additional women's preventive services), the above shall be deemed to be amended to cover such preventive services to the extent required by such guidelines.

- (v) Preventive Drugs means items which have been identified by the U.S. Department of Health and Human Services (HHS) as a preventive service. You may view the guidelines established by HHS by visiting the following website:

<https://www.healthcare.gov/what-are-my-preventive-care-benefits>

For a paper copy, please contact the Plan Administrator.

NOTE: This Plan does not provide coverage for preventive contraceptives or contraceptive devices.

For a detailed listing of preventive services, please visit the U.S. Department of Health and Human Services website at: <https://www.healthcare.gov/what-are-my-preventive-care-benefits>. For a paper copy, please contact the Plan Administrator. To the extent the above does not cover any preventive service required to be covered by the U.S. Department of Health and Human Services (HHS) the above shall be deemed to be amended to cover such preventive service to the extent required by the HHS.

(b) Routine Care

Routine care including, but not limited to, the office visit, lab tests, x-rays, routine testing, vaccinations or inoculations, well child care, pap smears, mammograms (including 3D mammogram or tomosynthesis), colon exams, sigmoidoscopy, occult blood and PSA testing. School/athletic physical exams are covered as long as they are not billed by the school. If a diagnosis is indicated after a routine exam, the exam will still be payable under the routine care benefit, however, all charges related to the diagnosis (except the initial exam) will be payable as any other illness.

Note: Immunizations will be covered in accordance with the following schedules issued by the Health and Human Services Centers for Disease Control and Prevention:

- (i) Recommended Adult Immunization Schedule – United States
 - (1) Herpes Zoster (Shingles) Immunization age 50 and over.
- (ii) Recommended Child and Adolescent Immunization Schedules – United States

Routine Care benefits are limited as follows:

- (i) Sigmoidoscopy:
 - (1) One per Calendar Year at age 50 and over
 - (2) One per Calendar Year prior to age 50, if the Covered Person or a close relative (parent, sibling or grandparent) have had colorectal polyps or colorectal cancer
- (ii) Prostate Specific Antigen:
 - (1) One per Calendar Year at age 50 and over
 - (2) One per Calendar Year prior to age 50, if the Covered Person or a close relative (parent, sibling or grandparent) have had colorectal polyps or colorectal cancer
- (iii) Routine mammograms (including 3D mammograms/tomosynthesis):
 - (1) One baseline for women ages 35 to 39
 - (2) One per Calendar Year for women ages 40 and over
 - (3) One per Calendar Year for women prior to age 40, if the Covered Person or a close relative (parent, sibling or grandparent) have had a history of breast cancer or other risk factors. Additional mammograms will be allowed when considered Medically Necessary by the woman's health care provider

This benefit is in addition to coverage under the Preventive Services section of the Plan.

- (46) **Prosthetic Devices:** Artificial limbs, eyes or other prosthetic devices when necessary due to an illness or injury. This benefit includes any necessary repairs to restore the prosthesis to a serviceable condition. If such prosthesis cannot be restored to a serviceable condition or is necessary due to a change in the physical condition of the Covered Person, replacement will be considered eligible, subject to prior approval by the Plan. In all cases, repairs or replacement due to abuse or misuse, as determined by the Plan, are not covered. Eligible expenses will be payable as shown in the Medical Schedule of Benefits.
- (47) **Qualified Clinical Trial Expenses:** Expenses that are, except as excluded below, healthcare items and services for the treatment of cancer or any other life threatening condition for a qualifying individual enrolled in a Qualified Clinical Trial that are otherwise consistent with the terms of the Plan and would be covered if the Covered Person did not participate in the Qualified Clinical Trial.

For purposes of this section, a “life threatening condition” means any condition or disease from which the likelihood of death is probable unless the course of the disease or condition is interrupted; and a “qualifying individual” means any Covered Person who is eligible to participate in a Qualified Clinical Trial according to the trial protocol for treatment of cancer of any other life threatening condition that makes his or her participation in the program appropriate, as determined based on either (i) a conclusion of a referring health care professional or (ii) medical and scientific information provided by the Covered Person.

Notwithstanding the above, Qualified Clinical Trial expenses do not include any of the following:

- (a) Costs associated with managing the research associated with the Qualified Clinical Trial; or
- (b) Costs that would not be covered for non-Experimental and/or Investigational treatments; or
- (c) Any item or service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.

(48) **Radiation Therapy:** Radium and radioactive isotope therapy treatment. The materials and services of technicians are included.

(49) **Reconstructive Surgery:** See Cosmetic Procedures/Reconstructive Surgery.

(50) **Rehabilitation Facility:** Inpatient care in a Rehabilitation Facility provided such confinement: (a) is under the recommendation and general supervision of a Physician; (b) is for the purpose of receiving medical care necessary for convalescence from the conditions causing or contributing to the precedent Hospital or Skilled Nursing Facility confinement; and (c) is not for Custodial Care.

See the Skilled Nursing Facility benefit for services and supplies provided for confinements in a Skilled Nursing Facility.

Eligible expenses will be payable as shown in the Medical Schedule of Benefits.

(51) **Routine Newborn Care:** Routine newborn care including Hospital nursery expenses and routine pediatric care while confined following birth will be considered as part of the mother's expense.

If the newborn is ill, suffers an Injury or requires care other than routine care, benefits will be provided on the same basis as any other eligible expense.

(52) **Second Surgical Opinion:** Voluntary second surgical opinions for elective, non-emergency Surgery when recommended for a Covered Person.

Benefits for the second opinion will be payable only if the opinion is given by a specialist who: (a) is certified in the field related to the proposed Surgery; and (b) is not affiliated in any way with the Physician recommending the Surgery.

If the second opinion conflicts with the first opinion, the Covered Person may obtain a third opinion, although this is not required.

Eligible expenses will be payable as shown in the Medical Schedule of Benefits.

(53) **Sexual Dysfunction:** Care, treatment, services, supplies or medication only in connection with treatment for impotence or inadequacies caused by an organic disease or Accidental Injury with an approved treatment plan and is deemed Medically Necessary, for Covered Persons age 18 and over.

(54) **Skilled Nursing Facility:** Skilled nursing care in a Skilled Nursing Facility provided such confinement: (a) is under the recommendation and general supervision of a Physician; (b) is for the purpose of receiving medical care necessary for convalescence from the conditions causing or contributing to the precedent Hospital or Rehabilitation Facility confinement; and (c) is not for Custodial Care.

See the Rehabilitation Facility benefit for services and supplies provided for confinements in a Rehabilitation Facility.

Eligible expenses will be payable as shown in the Medical Schedule of Benefits.

- (55) **Sleep Disorders:** Sleep disorder treatment that is Medically Necessary.
- (56) **Specialty Drugs:** Specialty drug injectables used in conjunction with oncology and their administration.
- (57) **Speech Therapy:** Restorative or rehabilitative speech therapy rendered by a qualified Physician or a licensed speech therapist under the recommendation of a Physician, necessary because of loss or impairment due to an Illness, Injury or Surgery or therapy to correct a Congenital Anomaly. Speech therapy to change voice sound will not be considered eligible.

The Plan will cover services provided for Pervasive Developmental Disorder (PDD), including but not limited to, Asperger's syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association. Covered services will include Physical Therapy, Speech Therapy and Occupational Therapy.

Eligible expenses will be payable as shown in the Medical Schedule of Benefits.

- (58) **Substance Use Disorders:** Charges for care, supplies and treatment of a Substance Use Disorder. Eligible expenses will be payable as shown in the Medical Schedule of Benefits.
- (59) **Transplants:** Services and supplies in connection with Medically Necessary non-Experimental and/or non-Investigational transplant procedures.
 - (a) If both the donor and the recipient are covered under this Plan, eligible expenses Incurred by each person will be treated separately for each person.
 - (b) If the recipient is covered under this Plan, eligible expenses Incurred by the donor will be considered eligible if not covered by the donor's plan.
 - (c) If the donor is covered under this Plan and the recipient is not covered, eligible expenses Incurred by the donor will be considered eligible, but only if the recipient does not have coverage for donor expenses.
 - (d) The Usual and Customary fee of securing an organ from the designated live donor, a cadaver or tissue bank, including the surgeon's fees, anesthesiology, radiology and pathology fees for the removal of the organ and a Hospital's charge for storage or transportation of the organ.

Donor charges include:

- (a) Evaluating the organ or tissue;
- (b) Removing the organ or tissue from the donor; and
- (c) Transportation of the organ or tissue from within the United States and Canada to the place where the transplant is to take place.

Travel/Lodging: Travel and lodging expenses will be covered under the Plan subject to the conditions described below:

- (a) Distance requirement. The facility must be more than 100 miles away from the patient's residence.
- (b) Travel allowances. Travel is reimbursed between the patient's home and the facility for round trip (air, train or bus) transportation costs (coach class only). If traveling by auto to the facility, mileage, parking and toll cost will be reimbursed per IRS guidelines.
- (c) Lodging allowances. Reimbursement of expenses Incurred by the patient and any companion for hotel lodging away from home is reimbursed up to \$300 per day.
- (d) Overall maximum. Travel and lodging reimbursement is limited to \$10,000 for any one transplant or procedure type, including tandem transplants. This is a combined maximum for the patient, companion and donor.
- (e) Companions. One companion is permitted per adult and 2 parents or guardians are permitted per Child.

Eligible expenses will be payable as shown in the Medical Schedule of Benefits.

Exclusions:

- (a) Non-human and artificial organ transplants;
 - (b) The purchase price of any of bone marrow, organ, tissue or any similar items which are sold rather than donated; and
 - (c) Transplants which are not medically recognized and are Experimental and/or Investigational in nature.
- (60) **Urgent Care Facility:** Services and supplies provided by an Urgent Care Facility. Eligible expenses will be payable as shown in the Medical Schedule of Benefits.
- (61) **Wigs:** Purchase of a scalp hair prosthesis as the result of hair loss due to radiation or chemotherapy. Eligible expenses will be payable as shown in the Medical Schedule of Benefits.

ALTERNATE BENEFITS

In addition to the benefits specified, the Plan may elect to offer benefits for services furnished by any provider pursuant to a Plan-approved alternate treatment plan, in which case those charges Incurred for services provided to a Covered Person under an alternate treatment plan to its end, will be more cost effective than those charges to be Incurred for services to be provided under the current treatment plan to its end.

The Plan shall provide such alternate benefits at its sole discretion and only when and for so long as it determines that alternate treatment plan is Medically Necessary and cost effective. If the Plan elects to provide alternate treatment plan benefits for a Covered Person in one instance, it shall not be obligated to provide the same or similar benefits for such Covered Person in any other instance or for other Covered Persons under this Plan in any other instance, nor shall it be construed as a waiver of the Plan Administrator's rights to administer this Plan thereafter in strict accordance with its express terms.

GENERAL EXCLUSIONS AND LIMITATIONS

No payment will be eligible under any portion of this Plan for expenses Incurred by a Covered Person for the expenses or circumstances listed below. If an expense is paid that is found to be excluded or limited as shown below, the Plan has the right to collect that amount from the payee, the Covered Person or from future benefits and any such payment does not waive the written exclusions, limitations or other terms of the Plan.

- (1) **Abortions:** Expenses related to elective abortions will not be considered eligible. This exclusion does not apply to terminated pregnancies, including those for covered Dependent daughters, when the life of the mother is endangered by the continued Pregnancy. If complications arise after the performance of any abortion for any Covered Person, any expenses incurred to treat those complications will be eligible, whether the abortion was eligible or not.
- (2) **Acupuncture:** Expenses for acupuncture will not be considered eligible.
- (3) **Adoption:** Expenses related to adoption will not be considered eligible.
- (4) **Cardiac Rehabilitation:** Expenses in connection with Phase III cardiac rehabilitation, including, but not limited to occupational therapy or work hardening programs will not be considered eligible. Phase III is defined as the general maintenance level of treatment, with no further medical improvements being made and exercise therapy that no longer requires the supervision of medical professionals.
- (5) **Close Relative:** Expenses for services, care or supplies provided by a Close Relative will not be considered eligible.
- (6) **Complications:** Expenses for care, services or treatment required as a result of complications from a treatment or procedure not covered under the Plan will not be considered eligible, except complications from abortions as specified under Eligible Medical Expenses.
- (7) **Contraceptives:** Expenses for contraceptive procedures, devices and medicines will not be considered eligible, unless they are for the treatment of a medical condition.
- (8) **Convenience Items:** Expenses for personal hygiene and convenience items will not be considered eligible.
- (9) **Cosmetic Procedures:** Expenses for Cosmetic and reconstructive procedures will not be considered eligible, except as specified under Eligible Medical Expenses.
- (10) **Counseling:** Expenses for religious marital, family or relationship counseling will not be considered eligible, except as specified under Eligible Medical Expenses.
- (11) **Custodial Care:** Expenses for Custodial Care will not be considered eligible, except as specified under the Home Health Care and Hospice Care benefits.
- (12) **Dental Care:** Expenses Incurred in connection with dental care, oral surgical procedures involving orthodontic care of the teeth, periodontal disease, preparing the mouth for the fitting or the continued use of dentures, non-Emergency repair due to Injury of sound, natural teeth, removal of impacted wisdom teeth, treatment, x-rays, general anesthesia or Hospital expenses will not be considered eligible, except as specified under Eligible Medical Expenses.
- (13) **Exercise Programs:** Exercise programs for treatment of any condition will not be considered eligible, except for Physician-supervised cardiac rehabilitation and occupational or physical therapy covered by the Plan.
- (14) **Experimental and/or Investigational:** Expenses for treatment, procedures, devices, drugs or medicines which are determined to be Experimental and/or Investigational will not be considered eligible, except for Off-Label Drug Use or when such expenses are considered Qualified Clinical Trial Expenses.
- (15) **Foot Care:** Expenses for routine foot care, treatment of weak, unstable or flat feet will not be considered eligible.
- (16) **Gambling Addiction:** Expenses for services related to gambling addiction will not be considered eligible.

- (17) **Governmental Agency:** Expenses for services and supplies which are provided by any governmental agency for which the Covered Person is not liable for payment will not be considered eligible. In the case of a state-sponsored medical assistance program, benefits payable under this Plan will be primary. Benefits payable under this Plan will also be primary for any Covered Person eligible under TRICARE (the government sponsored program for military dependents).
- (18) **Hearing Exams and Hearing Aids:** Expenses for services or supplies in connection with over-the-counter hearing aids, repair of broken hearing aids, lost aids, or replacement batteries will not be considered eligible
- (19) **Hair Loss:** Expenses for hair loss or hair transplants will not be considered eligible.
- (20) **Homeopathic Treatment:** Expenses for naturopathic and homeopathic treatments, services and supplies will not be considered eligible.
- (21) **Hypnotherapy:** Expenses for hypnotherapy will not be considered eligible.
- (22) **Illegal Occupation/Felony:** Expenses for services received as a result of Injury or Illness occurring directly or indirectly, as a result of a Serious Illegal Act, or a riot or public disturbance will not be considered eligible. For purposes of this exclusion, the term "Serious Illegal Act" shall mean any act or series of acts that, if prosecuted as a criminal offense, a sentence to a term of imprisonment in excess of one year could be imposed. It is not necessary that criminal charges be filed, or, if filed, that a conviction result, or that a sentence of imprisonment for a term in excess of one year be imposed for this exclusion to apply. Proof beyond a reasonable doubt is not required. This exclusion does not apply if the Injury or Illness resulted from an act of domestic violence or a medical (including both physical and mental health) condition.
- (23) **Infertility:** Expenses Incurred by the Retiree or any eligible Dependents will not be considered eligible:
- (a) For or in connection with in-vitro fertilization (IVF), PROST/ZIFT, ICSI, artificial insemination or any other treatment (other than IUI or GIFT) designed to replace normal reproductive processes to achieve pregnancy.
 - (b) For or in connection with IUI or GIFT when the treatment replaces normal reproductive processes to achieve pregnancy if the sperm is not collected during normal sexual relations or if not approved by the Plan Administrator.
 - (c) Treatment for voluntary sterilization.
 - (d) Treatment required as a result of prior voluntary sterilization.
 - (e) Services received if you are donating sperm or oocytes to help another person have children.
 - (f) Non-medical expenses of donors or surrogates helping the Plan Participant to have children.
- Nothing in this section is intended to exclude coverage for any infertility counseling or treatment required to be covered (if any) as a preventive service under the guidelines published by the Health Resources and Services Administration on August 1, 2011 (or any applicable subsequent guidelines).
- (24) **Maintenance Therapy:** Expenses for Maintenance Therapy of any type when the individual has reached the maximum level of improvement will not be considered eligible.
- (25) **Massage Therapy:** Expenses for massage therapy will not be considered eligible, except as otherwise covered as a Chiropractic Care/Spinal Manipulation and Physical Therapy service under the Eligible Medical Expenses section of the Plan.
- (26) **Medically Necessary:** Expenses which are determined not to be Medically Necessary will not be considered eligible.
- (27) **Missed Appointments:** Expenses for completion of claim forms, missed appointments or telephone consultations will not be considered eligible.

- (28) **Morbid Obesity:** Expenses for surgical and non-surgical treatment of Morbid Obesity (including reversal) will not be considered eligible, unless deemed Medically Necessary.
- (29) **No Legal Obligation:** Expenses for services provided for which the Covered Person has no legal obligation to pay will not be considered eligible. This exclusion will not apply to eligible expenses that may be covered by state Medicaid coverage where federal law requires this Employer's Plan to be primary.
- (30) **Non-Covered Procedures:** Expenses for services related to a non-covered Surgery or procedure will not be considered eligible regardless of when the Surgery or procedure was performed.
- (31) **Non-Participating Provider Services:** Expenses for services received by a Non-Participating Provider will not be considered eligible, except as specified under the General Overview of the Plan section.
- (32) **Not Performed Under the Direction of a Physician:** Expenses for services and supplies which are not prescribed or performed by or under the direction of a Physician will not be considered eligible.
- (33) **Not Recommended by a Physician:** Expenses by a Hospital or covered residential treatment center if hospitalization is not recommended or approved by a legally qualified Physician will not be considered eligible.
- (34) **Obesity:** Surgical and non-surgical care and treatment of obesity including weight loss or dietary control, whether or not it is in any case a part of a treatment plan for another illness, will not be considered eligible, except as otherwise covered as a preventive service or as listed under the Eligible Medical Expenses section of the Plan.
- (35) **Occupational Therapy:** Expenses for occupational therapy primarily for recreational or social interaction will not be considered eligible.
- (36) **Operated by the Government:** Expenses for treatment at a facility owned or operated by the government will not be considered eligible, unless the Covered Person is legally obligated to pay. This does not apply to Covered Expenses rendered by a Hospital owned or operated by the United States Veteran's Administration when services are provided to a Covered Person for a non-service related illness or injury.
- (37) **Outside the United States (U.S.):** Expenses for services or supplies if the Covered Person leaves the U.S. or the U.S. Territories for the express purpose of receiving medical treatment will not be considered eligible.
- Expenses related to an Emergency Medical Condition while the Covered Person is traveling overseas will be covered, including when a Covered Person experiences severe cold or flu-like symptoms.
- (38) **Over-the-Counter (OTC) Medication:** Expenses for any over-the-counter medication will not be considered eligible. Expenses for drugs and medicines not requiring a prescription by a licensed Physician and not dispensed by a licensed pharmacist will not be considered eligible, except as otherwise covered as a preventive services under the Eligible Medical Expenses section of the Plan.
- (39) **Plan Maximums:** Charges in excess of Plan maximums will not be considered eligible.
- (40) **Prior to Effective Date:** Expenses which are Incurred prior to the effective date of your coverage under the Plan will not be considered eligible.
- (41) **Private Duty Nursing:** Expenses for private duty nursing will not be considered eligible, except those nursing services which are considered eligible under the Home Health Care and Hospice Care benefits.
- (42) **Recreational and Educational Therapy:** Expenses for recreational and educational services; learning disabilities; behavior modification services; any form of non-medical self-care or self-help training, including any related diagnostic testing; music therapy; health club memberships; aquatic or pool therapies; will not be considered eligible. Diabetic education is considered eligible as specified under Eligible Medical Expenses. This exclusion will not apply to expenses related to the diagnosis, testing and treatment of autism, ADD or ADHD.
- (43) **Refractive Errors:** Expenses for radial keratotomy, Lasik Surgery or any Surgical Procedure to correct refractive errors of the eye will not be considered eligible.

- (44) **Removal of Breast Implants or Other Prosthetic Implants:** Removal of implants will not be considered eligible if the implants were: (1) inserted in connection with Cosmetic surgery, regardless of the reason for removal; or (2) not inserted in connection with Cosmetic surgery, but the removal is not Medically Necessary. Includes all expenses for or related to such removal.
- (45) **Replacement Braces.** Replacement of braces of the leg, arm, back, neck, or artificial arms or legs, unless there is sufficient change in the Covered Person's physical condition to make the original device no longer functional, or, replacement is less expensive than repair of the existing device will not be considered eligible.
- (46) **Required by Law:** In any case where an individual is required by law to maintain insurance coverage (or to maintain any other security or reserve amount in lieu of insurance coverage), expenses of a Covered Person that would be paid by such insurance coverage are not eligible expenses, regardless of whether the individual is in fact covered under such coverage. For purposes of any required automobile, motorcycle or other vehicle coverage, otherwise eligible expenses below the minimum required coverage or the actual coverage elected, whichever is higher, will be excluded from coverage under this Plan.
- (47) **Riot/Revolt:** Expenses resulting from a Covered Person's participation in a riot or revolt will not be considered eligible. This exclusion will not apply to Injuries and/or Illnesses sustained due to a medical condition (physical or mental) or domestic violence.
- (48) **Routine Care:** Expenses for routine care, including x-ray, laboratory tests, vaccinations and immunizations will not be considered eligible, except as specified under Eligible Medical Expenses.
- (49) **Self-Inflicted Injury:** Expenses for Injury or Illness arising out of attempted suicide or an intentional self-inflicted Injury will not be considered eligible. This exclusion will not apply if self-inflicted Injuries result from a medical condition (physical or mental) or act of domestic violence and the benefits for such Injuries are normally covered under the Plan.
- (50) **Sex Therapy:** Expenses for sex therapy will not be considered eligible.
- (51) **Sex Transformation:** Expenses in connection with sex transformation will not be considered eligible.
- (52) **Sleep Disorder:** Expenses for treatment, services and supplies for sleep disorders unless Medically Necessary will not be considered eligible.
- (53) **Smoking Cessation:** Expenses for smoking cessation programs, including smoking deterrents will not be considered eligible, unless otherwise covered as a preventive service under the Eligible Medical Expenses section of the Plan.
- (54) **Specialty Medications:** Specialty medications that are included on the list of Prescription Drugs from the Prescription Drug Card Program Administrator when administered in the Physician's office, Home Infusion or by another Specialty Vendor will not be considered eligible. This exclusion does not apply to certain specialty drugs when administered in conjunction with oncology as specified under the Eligible Medical Expense section of the Plan. Specialty medications administered at an Inpatient facility or outpatient facility will be covered under the Medical Plan.
- (55) **Sterilization:** Expenses for elective sterilization, including reversal, will not be considered eligible.
- (56) **Surrogate:** Expenses relating to a surrogate pregnancy of any person who is not covered under this Plan and for any Covered Person other than the Employee and Spouse will not be considered eligible, including but not limited to pre-pregnancy, conception, prenatal, childbirth and postnatal expenses. This exclusion does not apply to preventive services for any Covered Person as described under the Eligible Medical Expenses section of the Plan.
- (57) **Temporomandibular Joint Dysfunction (TMJ):** Expenses for treatment or services due to Temporomandibular Joint Dysfunction (TMJ) will not be considered eligible.
- (58) **Travel:** Expenses for travel will not be considered eligible, except as specified under Eligible Medical Expenses.

- (59) **Usual and Customary Charge:** Expenses in excess of the Usual and Customary Charge will not be considered eligible.
- (60) **Vision Care:** Expenses for vision care, including routine eye exams, professional services for the fitting and/or supply of lenses, frames, contact lenses and other fabricated optical devices will not be considered eligible. However, benefits will be provided for the necessary initial placement of a pair of eyeglasses, contact lenses or an intraocular lens following a Medically Necessary Surgical Procedure to the eye. This exclusion does not apply to aphakic patient and soft lenses or sclera shells intended for use as corneal bandages or as otherwise covered as a preventive service under the Eligible Medical Expenses section of the Plan.
- (61) **Wage or Profit:** Expenses for or in connection with any Injury or Illness which arises out of or in the course of any occupation for wage or profit (excluding self-employment) will not be considered eligible.
- (62) **War:** Expenses for the treatment of Illness or Injury resulting from a war or any act of war, whether declared or undeclared or while in the armed forces of any country or international organization will not be considered eligible. This exclusion does not apply to Injuries resulting from an act of terrorism on United States soil.
- (63) **Weekend Admissions:** Expenses for care and treatment billed by a Hospital for non-Medical Emergency admissions on a Friday or Saturday will not be considered eligible, unless Surgery is scheduled within 24 hours.
- (64) **Workers' Compensation:** Expenses for services, supplies, care or treatment that are covered under the Indiana Workers' Compensation Act will not be considered eligible.

COBRA CONTINUATION COVERAGE

The right to COBRA Continuation Coverage was created by a federal law known as the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended (“COBRA”). COBRA Continuation Coverage can become available to you and/or your eligible Dependents when your coverage under the Plan ends because of a life event known as a “qualifying event”.

Qualified Beneficiary

In general, you, your Spouse and any Dependent Child covered under the Plan on the day before a qualifying event that causes you to lose coverage under the Plan is considered a “qualified beneficiary”.

In addition, any Dependent Child who is born to or placed for adoption with you during a period of COBRA continuation coverage is considered a “qualified beneficiary”.

If the qualifying event is a bankruptcy proceeding under Title 11 of the U.S. Code with respect to the Employer Plan Sponsor or Participating Employer, a covered Retiree and his or her covered Spouse or surviving Spouse covered Spouse, surviving Spouse or Dependent Child of such Retiree will also be considered qualified beneficiaries provided the bankruptcy results in the loss of their coverage under the Plan.

Each qualified beneficiary (including a child who is born to or placed for adoption with a covered Retiree during a period of COBRA continuation coverage) is offered the opportunity to make an independent election to receive COBRA continuation coverage.

Qualifying Event

If you are a covered Retiree, you, your Spouse and/or Dependent Child will become a qualified beneficiary if you lose your coverage under the Plan because your former Employer has filed a bankruptcy proceeding under Title 11 of the U.S. Code.

You, your Spouse and/or Dependent Child change your place of residence or work and you move outside of the Network service area, you can elect COBRA coverage under the University of Notre Dame PPO Plan

You, your Spouse and/or Dependent Child may elect to continue coverage under the Plan for the life of the covered Retiree; provided you elect to enroll in COBRA within 60 days following the later of (a) the date coverage under the Plan would end due to the qualifying event; or (b) the date you are given notice of your rights to elect COBRA Continuation Coverage.

You, your Spouse and Dependent Child have an independent right to elect COBRA Continuation Coverage. You and/or your Spouse may elect coverage on behalf of either one of you and parents may elect coverage on behalf of their Dependent Child.

If you are the Spouse and/or Dependent Child of a covered Retiree, you will also become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events:

- (1) Your spouse/parent-Retiree dies;
- (2) Your spouse/parent-Retiree becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- (3) You/your parents become divorced or legally separated.
- (4) Your spouse/parent-Retiree and/or Dependent Child changes their place of residence or work and moves outside the Network service area, your spouse/parent-Retiree and/or Dependent Child can elect COBRA coverage under University of Notre Dame PPO Plan.

Your Spouse and/or Dependent Child may elect to continue coverage under the Plan for up to a maximum period of 36 months; provided such Spouse and/or Dependent Child provide notice of the qualifying event to the former Employer and elect to enroll in COBRA within 60 days following the later of (a) the date coverage under the Plan would end due to the qualifying event; or (b) the date they are given notice of their rights to elect COBRA Continuation Coverage and their obligation to provide such notice. Please see the section below entitled “Notice Requirement” for the requirements of such notice.

If you are a Dependent Child of a covered Retiree, you will also become a qualified beneficiary if you lose coverage under the Plan because you cease to be eligible for coverage under the Plan as a Dependent Child. You may elect to continue coverage under the Plan for up to a maximum period of 36 months; provided you provide notice of the qualifying event to the former Employer and elect to enroll in COBRA within 60 days following the later of (a) the date coverage under the Plan would end due to the qualifying event; or (b) the date you are given notice of your rights to elect COBRA Continuation Coverage and your obligation to provide such notice. Please see the section below entitled "Notice Requirement" for the requirements of such notice.

Notice Requirement

The notice must be postmarked (if mailed), or received by the COBRA Administrator (if hand delivered), by the deadline set forth above. If the notice is late, the opportunity to elect or extend COBRA continuation coverage is lost, and if you are electing COBRA continuation coverage, your coverage under the Plan will terminate on the last date for which you are eligible under the terms of the Plan.

For qualifying events such as divorce or legal separation of the Retiree and Spouse, the notice must contain the following information:

- (1) Name and address of the covered Retiree;
- (2) Name and address of your Spouse, former Spouse;
- (3) Description of the qualifying event; and
- (4) Date of the qualifying event.

If the notice does not contain all of the required information, the COBRA Administrator may request additional information. If the individual fails to provide such information within the time period specified in the request, the notice may be rejected.

In addition to accepting a letter with the information described above, the Plan Administrator, in its discretion, may develop and make available a form, which may then be completed to provide the required notice. If such a form is available, a covered Retiree or a covered Spouse may obtain a copy by requesting it from the Plan Administrator at the address provided in this notice.

Notice must be sent to the COBRA Administrator at:

Premium Payment Center Infnisource, Inc.
P.O. Box 949
Coldwater, MI 49036-0949
(800) 594-6957

Termination of COBRA Continuation Coverage

COBRA continuation coverage automatically ends 36 months after the date of the qualifying event, unless the qualifying event is the bankruptcy filing of the former Employer. In such case, COBRA continuation coverage automatically ends for the Retiree upon his or her death and 36 months after such Retiree's death for the Spouse and any Dependent Child. However, coverage may end before the end of the maximum period on the earliest of the following events:

- (1) The date the Plan Sponsor ceases to provide any group health Plan coverage;
- (2) The date on which the qualified beneficiary fails to pay the required contribution; or
- (3) The date that the qualified beneficiary first becomes, after the date of election, covered under any other group health plan (as an Employee or otherwise) or entitled to either Medicare Part A or Part B (whichever comes first).

Payment for COBRA Continuation Coverage

Once COBRA continuation coverage is elected, you must pay for the cost of the initial period of coverage within 45 days. Payments then are due on the first day of each month to continue coverage for that month. If a payment is not received within 30 days of the due date, COBRA continuation coverage will be canceled and will not be reinstated. The amount you are required to pay for COBRA continuation coverage is 102% of the actual cost of coverage you elect, unless you qualify for the 11-month period of extended coverage due to disability (as specified above). In the event of disability, you will be required to pay 150% of the actual cost of coverage you elect for the 11-month extension period.

Additional Information

Additional information about the Plan and COBRA continuation coverage is available from the Plan Administrator, who is identified on the General Plan Information page of this Plan.

Current Addresses

In order to protect your family's rights, you should keep the Plan Administrator informed of any changes in the addresses of family members.

CLAIM PROCEDURES

You will receive an Employee identification card which will contain important information, including claim filing directions and contact information. The Employee identification card will show your Participating Provider Network and the Medical Management Administrator.

At the time you receive treatment, show the Employee identification card to your provider of service. In most cases, your provider will file your claim for you. You may file the claim yourself by submitting the required information to:

Meritain Health, Inc.
P.O. 853921
Richardson, TX 75085-3921
(888) 668-6855

Most claims under the Plan will be “post service claims.” A “post service claim” is a claim for a benefit under the Plan after the services have been rendered. Post service claims must include the following information in order to be considered filed with the Plan:

- (1) The date of service;
- (2) The name, address, telephone number and tax identification number of the provider of the services or supplies;
- (3) The place where the services were rendered;
- (4) The diagnosis and procedure codes;
- (5) The amount of charges (including Network repricing information);
- (6) The name of the Plan;
- (7) The name of the covered Employee; and
- (8) The name of the patient.

A call from a provider who wants to know if an individual is covered under the Plan or if a certain procedure or treatment is a Covered Expense before the treatment is rendered, is not a “claim” since an actual written claim for benefits is not being filed with the Plan. Likewise, presentation of a prescription to a pharmacy does not constitute a claim.

Timely Filing

All claims must be filed with the Third Party Administrator within 12 months following the date services were Incurred. Claims filed after this time period will be denied.

Procedures for all Claims

The Plan's claim procedures are intended to reflect the Department of Labor's claims procedures regulations and should be interpreted accordingly. In the event of any conflict between this Plan and those Regulations, those Regulations will control. In addition, any changes in those Regulations shall be deemed to amend this Plan automatically, effective as of the date of those changes.

To receive benefits under the Plan, the claimant (i.e. you and your covered Dependents) must follow the procedures outlined in this section. There are 4 different types of claims: (1) Urgent Care Claims; (2) Concurrent Care Claims; (3) Pre-Service Claims; and (4) Post-Service Claims. The procedures for each type of claim are more fully described below:

- (1) **Urgent Care Claims.** If your claim is considered an urgent care claim, the Plan Administrator will notify you of the Plan's benefit determination (whether adverse or not) as soon as possible, taking into account the medical exigencies, but not later than 72 hours after the Plan receives the claim, unless you fail to provide sufficient information to determine whether or to what extent, benefits are covered or payable under the Plan. If you fail to provide sufficient information for the Plan to decide your claim, the Plan Administrator will notify you as soon as possible, but not later than 24 hours after the Plan receives the claim, of the specific information necessary to complete the claim. The notification may be oral unless written notification is requested by you. You will be afforded a reasonable amount of time, taking into account the circumstances, but not less than 48 hours, to provide the specified information. The Plan Administrator will notify you of the Plan's determination as soon as possible, but in no case later than 48 hours after the earlier of (1) the Plan's receipt of the specified additional information or (2) the end of the period afforded the claimant to provide the specified additional information.

A claim for benefits is considered an urgent care claim if the application of the time periods for making non-urgent care determinations could seriously jeopardize your life or health or your ability to regain maximum function or, in the opinion of a Physician with knowledge of your medical condition, would subject you to severe pain that could not be adequately managed without the care or treatment which is the subject of the claim. In determining if the initial claim for benefits should be treated as an urgent care claim, the Plan will defer to a determination, if any, by an attending provider that the claim should be treated as an urgent care claim, if that determination is timely provided to the Plan.

- (2) **Concurrent Care Claims.** If the Plan has approved an ongoing course of health care treatment to be provided over a period of time or number of treatments, any reduction or termination by the Plan of the previously approved course of treatment (other than by Plan amendment or termination) before the approved time period or number of treatments constitutes an adverse determination. In such a case, the Plan Administrator will notify you of the adverse determination at a time sufficiently in advance of the reduction or termination to allow you, the claimant, to appeal and obtain a determination on review of that adverse determination before reduction or termination of the benefit.

Any request by you to extend a previously approved course of urgent care treatment beyond the approved period of time or number of treatments shall be decided as soon as possible, taking into account the medical exigencies and the Plan Administrator will notify you of the benefit determination, whether adverse or not, within 24 hours after the Plan receives the claim provided that any such claim is made to the Plan at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

- (3) **Pre-Service Claims.** For a pre-service claim, the Plan Administrator will notify you of the Plan's benefit determination (whether adverse or not) within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after the Plan receives the claim. If, due to matters beyond the control of the Plan, the Plan Administrator needs additional time to process a claim, the Plan Administrator may extend the time to notify you of the Plan's benefit determination for up to 15 days provided that the Plan Administrator notifies you within 15 days after the Plan receives the claim, of those special circumstances and of when the Plan Administrator expects to make its decision. However, if such an extension is necessary due to your failure to submit the information necessary to decide the claim, the notice of extension must specifically describe the required information and you will be afforded at least 45 days from receipt of the notice within which to provide the specified information.

A claim for benefits is considered a pre-service claim if the claim requires approval, in part or in whole, in advance of obtaining the health care in question.

- (4) **Post-Service Claims.** For a post-service claim, the Plan Administrator will notify you of the Plan's adverse determination within a reasonable period of time, but not later than 30 days after receipt of the claim. If, due to special circumstances, the Plan Administrator needs additional time to process a claim, the Plan Administrator may extend the time for notifying you of the Plan's benefit determination on a one-time basis for up to 15 days provided that the Plan Administrator notifies you within 30 days after the Plan receives the claim, of those special circumstances and of the date by which the reviewer expects to make a decision. However, if such a decision is necessary due to your failure to submit the information necessary to decide the claim, the notice of extension will specifically describe the required information and you will be afforded at least 45 days from receipt of the notice within which to provide the specified information.

A claim for benefits is considered a post-service claim if it is a request for payment for services or other benefits that you have already received (or any other claim for health benefits that is not a pre-service claim or an urgent care claim).

Manner and Content of Notice of Initial Adverse Determination

If the Plan Administrator denies a claim, it must provide to you in writing or by electronic communication:

- (1) An explanation of the specific reasons for the denial;
- (2) A reference to the Plan provision or insurance contract provision upon which the denial is based;
- (3) A description of any additional information or material that you must provide in order to perfect the claim;
- (4) An explanation of why the additional material or information is necessary;
- (5) Notice that you have the right to request a review of the claim denial and information on the steps to be taken if you wish to request a review of the claim denial along with the time limits applicable to a request for review;
- (6) A statement describing your right to request an external review (or, if applicable, to request a second level appeal) or, if applicable, to bring an action under ERISA Section 502(a);
- (7) A copy of any rule, guideline, protocol or other similar criterion relied upon in making the adverse determination (or a statement that the same will be provided upon your request and without charge); and
- (8) If the adverse determination is based on the Plan's Medical Necessity, Experimental treatment or similar exclusion or limit, either: (a) an explanation of the scientific or clinical judgment applying the exclusion or limit to your medical circumstances or (b) a statement that the same will be provided upon your request and without charge.

Any notice of adverse determination also will include the following information:

- (1) Information sufficient to identify the claim involved, including the date of service, the health care provider and the claim amount (if applicable);
- (2) As part of the explanation of the determination, a discussion of the decision, as well as disclosure of any denial code used (and an explanation of its meaning) and a description of the Plan's standard, if any, that was used in denying the claim;
- (3) A description of available internal appeals and external review processes, including information regarding how to initiate an appeal;
- (4) Information (including contact information) about the availability of any applicable office of health insurance consumer assistance or ombudsmen established pursuant to the Patient Protection and Affordable Care Act (PPACA) to assist individuals with internal claims and appeals and external review processes; and
- (5) A statement describing the availability, upon request, of any applicable diagnosis code (and an explanation of its meaning) and any applicable treatment code (and an explanation of its meaning).

For an adverse determination concerning an urgent care claim, the information described in this Section may be provided to you orally within the permitted time frame provided that a written or electronic notification in accordance with this section is furnished to you no later than 3 days after the oral notification.

Internal Review of Initially Denied Claims

If you submit a claim for Plan benefits and it is initially denied under the procedures described above, you may request a review of that denial under the procedures described below.

You have 180 days after you receive notice of an initial adverse determination within which to request a review of the adverse determination. For a request for a second level appeal, you have 60 days after you receive notice of an adverse determination at the first level of appeal to request a second level appeal of the adverse determination

If you request a review of an adverse determination within the applicable time period, the review will meet the following requirements:

- (1) The Plan will provide a review that does not afford deference to the adverse determination that is being appealed and that is conducted by an appropriate named fiduciary of the Plan who did not make the adverse determination that is the subject of the appeal and who is not a subordinate of the individual who made that adverse determination.
- (2) The appropriate named fiduciary of the Plan will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment before making a decision on review of any adverse determination based in whole or in part on a medical judgment, including determinations with regard to whether a particular treatment, drug or other item is Experimental and/or Investigational or not Medically Necessary or appropriate. The professional engaged for purposes of a consultation in the preceding sentence will be an individual who is neither an individual who was consulted in connection with the adverse determination that is the subject of the appeal, nor a subordinate of any such individual.
- (3) The Plan will identify any medical or vocational experts whose advice is obtained on behalf of the Plan in connection with the Plan's review of an adverse determination, without regard to whether the advice is relied upon in making the adverse determination on review.
- (4) For a requested review of an adverse determination involving an urgent care claim, the review process will meet the expedited deadlines described below. Your request for such an expedited review may be submitted orally or in writing and all necessary information, including the Plan's determination on review, will be transmitted between the Plan and you by telephone, facsimile or other available similarly expeditious method.
- (5) The reviewer will afford you an opportunity to review and receive, without charge, all relevant documents, information and records relating to the claim and to submit issues and comments relating to the claim in writing to the Plan. The reviewer will take into account all comments, documents, records and other information submitted by the claimant relating to the claim regardless of whether the information was submitted or considered in the initial benefit determination.
- (6) You will be provided, free of charge, any new or additional evidence or rationale considered, relied upon or generated by the Plan in connection with the claim. Such evidence or rationale will be provided as soon as possible and sufficiently in advance of the Plan's deadline for providing notice of its determination on review to give you a reasonable opportunity to respond prior to such determination.
- (7) The Plan will ensure that all claims are adjudicated in a manner designed to ensure the independence and impartiality of the persons involved in making the decisions.
- (8) The Plan will provide you with continued coverage pending the outcome of an internal appeal.

All requests for review of initially denied claims (including all relevant information) must be submitted to the following address:

Meritain Health, Inc.
Appeals Department
P. O. Box 41980
Plymouth, MN 55441-0970

Deadline for Internal Review of Initially Denied Claims

- (1) **Urgent Care Claims.** The Plan provides for 2 levels of appeal for urgent care claims. For each level of appeal, the reviewer will notify you of the Plan's determination on review as soon as possible, taking into account the medical exigencies, but not later than 36 hours after the Plan receives your request for review of the initial adverse determination (or of the first-level appeal adverse determination).
- (2) **Pre-Service Claims.** The Plan provides for 2 levels of appeal for a pre-service claim. At each level of appeal, the reviewer will notify you of the Plan's determination on review within a reasonable period of time appropriate to the medical circumstances, but in no event later than 15 days after the Plan receives your request for review of the initial adverse determination (or of the first-level appeal adverse determination).

- (3) Post-Service Claims. The Plan provides for 2 levels of appeal for a post-service claim. At each level of appeal, the reviewer will notify you of the Plan's determination on review within a reasonable period of time appropriate to the medical circumstances, but in no event later than 30 days after the Plan receives your request for review of the initial adverse determination (or of the first-level appeal adverse determination).

Manner and Content of Notice of Decision on Internal Review of Initially Denied Claims

Upon completion of its review of an initial adverse determination (or a first-level appeal adverse determination), the reviewer will give you, in writing or by electronic notification, a notice of its benefit determination. For an adverse determination, the notice will include:

- (1) A description of the Plan's decision;
- (2) The specific reasons for the decision;
- (3) The relevant Plan provisions or insurance contract provisions on which its decision is based;
- (4) A statement that you are entitled to receive, upon request and without charge, reasonable access to and copies of, all documents, records and other information in the Plan's files which is relevant to your claim for benefits;
- (5) A statement describing your right to request an external review (or, if applicable, to request a second level appeal) or, if applicable, to bring an action under ERISA Section 502(a);
- (6) If an internal rule, guideline, protocol or other similar criterion was relied upon in making the adverse determination on review, a statement that a copy of the rule, guideline, protocol or other similar criterion will be provided without charge to you upon request;
- (7) If the adverse determination on review is based on a Medical Necessity, Experimental treatment or similar exclusion or limit, either: (a) an explanation of the scientific or clinical judgment on which the determination was based, applying the terms of the Plan to the claimant's medical circumstances or (b) a statement that such an explanation will be provided without charge upon request; and
- (8) The following statement: "You and your Plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact your local U.S. Department of Labor Office and, if your benefit is an insured benefit, your state insurance regulatory agency."

Any notice of adverse determination will include the following information:

- (1) Information sufficient to identify the claim involved, including the date of service, the health care provider and the claim amount (if applicable);
- (2) As part of the explanation of the determination, a discussion of the decision, as well as disclosure of any denial code used (and an explanation of its meaning) and a description of the Plan's standard, if any, that was used in denying the claim;
- (3) A description of available internal appeals and external review processes, including information regarding how to initiate an appeal;
- (4) Information (including contact information) about the availability of any applicable office of health insurance consumer assistance or ombudsmen established pursuant to the Patient Protection and Affordable Care Act (PPACA) to assist individuals with internal claims and appeals and external review processes; and
- (5) A statement describing the availability, upon request, of any applicable diagnosis code (and an explanation of its meaning) and any applicable treatment code (and an explanation of its meaning).

Calculation of Time Periods

For purposes of the time periods described in the Plan's claim procedures, the period of time during which a benefit determination is required to be made begins at the time a claim (or a request for review of a denied claim) is filed in accordance with the Plan procedures without regard to whether all the information necessary to make a decision accompanies the request. If a period of time is extended due to your failure to submit all information necessary for a claim for non-urgent care benefits, the period for making the determination is "frozen" from the date the notification requesting the additional information is sent to you until the date you respond or, if earlier, until 45 days from the date you receive (or were reasonably expected to receive) the notice requesting additional information.

Adverse Determination

For purposes of the Plan's claim procedures, an "adverse determination" is a denial, reduction or termination of or a failure to provide or make payment (in whole or in part) for, a benefit, including any such denial, reduction, termination or failure to provide or make payment that is based on a determination of an individual's eligibility to participate in the Plan and including a denial, reduction or termination of or a failure to provide or make payment (in whole or in part) for, a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be Experimental or Investigational or not medically necessary or appropriate. Adverse determination also includes any rescission of coverage, whether or not, in connection with the rescission, there is an adverse effect on any particular benefit at the time of rescission.

Plan's Failure to Follow Procedures

If the Plan fails to follow the claim procedures described above, you will be deemed to have exhausted the Plan internal claim procedures and you will be entitled to pursue any available remedy (including any available external review process) under state or federal law on the basis that the Plan has failed to provide a reasonable claims procedure that would yield a decision on the merits of the claim.

However, the Plan will not be treated as failing to follow its claim procedures and you will not be deemed to have exhausted the Plan's administrative remedies merely because of a failure by the Plan that would be considered (based on applicable regulations) a "*de minimis* violation" that does not cause and is not likely to cause prejudice or harm to you as long as the Plan can demonstrate that the violation was for good cause or due to matters beyond the control of the Plan and that the violation occurred in the context of an ongoing, good faith exchange of information between the Plan and you. You may request a written explanation of any violation by the Plan of these procedures. If you request such an explanation, the Plan will provide it within 10 days and, if applicable, the explanation will include a specific description of the Plan's reasons for asserting that the violation does not cause the Plan's internal claim procedures to be exhausted. If a court or external review rejects your request for an immediate review (based on a claim that you should be deemed to have exhausted the Plan's internal claim procedures), because the court or external reviewer determines that the "*de minimis* violation" exception applies, the Plan will provide to you a notice of your right to resubmit your internal appeal with a reasonable time (no longer than 10 days) after the court or external reviewer makes such a determination. Any applicable time limit for you to re-file your claim will begin to run when you receive that notice from the Plan.

External Review of Denied Claims

If you have exhausted the Plan's internal appeal process (or if you are eligible to request an external review for any other reason under the above procedures), you may request an external review of the Plan's final adverse determination for certain health benefit claims.

The Plan will provide for an external review process in accordance with federal law.

Note that the federal external review process (including the expedited external review process described later in these procedures) is not available for review of all internal adverse determinations. Specifically, federal external review is not available for review of an internal adverse determination that is based on a determination that a claimant fails to meet the eligibility requirements under the terms of the Plan. Also, for any claim for which an external review request is not initiated before September 20, 2011, the federal external review process is available only for:

- (1) An adverse determination that involves medical judgment (including, but not limited to determinations based on the Plan's requirements for medical necessity, appropriateness, health care setting, level of care or effectiveness of a covered benefit; or the Plan's determination that a treatment is Experimental or Investigational), as determined by the external reviewer; and
- (2) A rescission of coverage.

For any adverse determination for which external review is available, the federal external review requirements are as follows:

- (1) You have 4 months following the date you receive notice of the Plan's final internal adverse determination within which to request an external review. The request for an external review must be submitted to the following address:

Meritain Health, Inc.
Appeals Department
P. O. Box 41980
Plymouth, MN 55441-0970

- (2) Within 5 business days following the date the Plan receives your external review request the Plan will complete a preliminary review. The Plan will notify you in writing within one business day after it completes the preliminary review whether the claim is eligible for the external review process:
 - (a) If the request is complete, but the claim is not eligible for external review, the notice will describe the reasons it is not eligible and will provide contact information for the Employee Benefits Security Administration.
 - (b) If the request is not complete, the notice will describe information or materials needed to make the request complete. If the request is not complete and additional information or materials are needed to complete the preliminary review, you will have until the later of (i) 48 hours following the date of receipt of the notification or (ii) the end of the 4-month deadline described in (1) above to provide the necessary additional information or materials.
- (3) Following the Plan's preliminary review, if the request is eligible for external review, the Plan will assign an independent review organization (IRO) (as soon as administratively feasible) to make a determination on the request for external review. Within 5 business days following assignment of the IRO, the Plan will forward to the IRO all information and materials relevant to the final internal adverse determination.
- (4) The assigned IRO will notify you in writing (within a reasonable period of time) of the request's eligibility and acceptance for external review. The notice will include a statement regarding your right to submit any additional information, within 10 business days from the date of receipt of the notice, for the IRO to consider as part of the external review process. Any such additional information received by the IRO will be forwarded on and shared with the Plan. The Plan, based upon any new information received, may reconsider its final internal adverse determination. Reconsideration by the Plan will not delay the external review process. If the Plan does not reconsider its final internal adverse benefits determination, the IRO will continue to proceed with the external review process.
- (5) Within 45 days after the IRO receives the external review request from the Plan, the IRO must provide written notice of its external review determination to you and the Plan. The IRO's notice is required to contain the following:
 - (a) A general description of the reason for the request for external review, including information sufficient to identify the claim, the diagnosis code and treatment code and the corresponding meaning for each and the reason for the previous denial;
 - (b) The date the IRO received the assignment to conduct the external review and the date of the IRO decision;
 - (c) References to the evidence or documentation, including the specific coverage provisions and evidence based standards, considered in reaching its decision;
 - (d) A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;
 - (e) A statement that the determination is binding except to the extent that other remedies may be available under state or federal law to either the group health Plan or to you;
 - (f) A statement that judicial review may be available to you; and

- (g) Current contact information, including telephone number, for any applicable office of health insurance consumer assistance or ombudsman established under the Public Health Service Act Section 2793.

Expedited External Review

You may request an expedited external review if you have received:

- (1) An initial internal adverse determination if the adverse determination involves a medical condition for which the time frame for completion of an expedited internal appeal under the Plan's internal claim procedures would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or
- (2) A final internal adverse determination, if you have a medical condition where the timeframe for completion of a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function or if the final internal adverse determination concerns an admission, availability of care, continued stay or health care item or service for which you received emergency services but have not been discharged from a facility.

The following requirements apply to an expedited external review:

- (1) Immediately following the date the Plan receives the external review request the Plan will complete a preliminary review. The Plan will notify you in writing immediately after completion of the preliminary review whether the request is eligible for the external review process.
 - (a) If the request is complete, but the claim is not eligible for external review, the notice will describe the reasons it is not eligible and will include contact information for the Employee Benefits Security Administration.
 - (b) If the request is not complete, the notice will describe any information or materials needed to make the request complete. If the request is not complete and additional information or materials is needed to complete the preliminary review, you will have until the later of (i) 48 hours following the date of receipt of the notification or (ii) the end of the 4-month deadline described in (1) above to provide the necessary additional information or materials.
- (2) Following the Plan's preliminary review, if the request is eligible for external review, the Plan will assign an independent review organization (IRO) to make a determination on the request for external review. The Plan will promptly forward to the IRO, by any available expeditious method (e.g. telephone, facsimile, etc.), all information and materials relevant to the final internal adverse determination.
- (3) The IRO must provide notice to the claimant and the Plan (either in writing or orally) as expeditiously as the claimant's medical condition or circumstance require and no later than 72 hours after it receives the expedited external review request from the Plan. If notice is not provided in writing, the IRO must provide written notice to you and the Plan as confirmation of the decision within 48 hours after the date of the notice. The IRO's notice is required to contain the following information:
 - (a) A general description of the reason for the request for external review, including information sufficient to identify the claim, the diagnosis code and treatment code and the corresponding meaning for each and the reason for the previous denial;
 - (b) The date the IRO received the assignment to conduct the external review and the date of the IRO decision;
 - (c) References to the evidence or documentation, including the specific coverage provisions and evidence based standards, considered in reaching its decision;
 - (d) A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;
 - (e) A statement that the determination is binding except to the extent that other remedies may be available under state or federal law to either the group health Plan or to you;
 - (f) A statement that judicial review may be available to you; and

- (g) Current contact information, including telephone number, for any applicable office of health insurance consumer assistance or ombudsman established under the Public Health Service Act Section 2793.

Effect of External Review Determination

A determination on external review is binding on the Plan and the claimant, except to the extent that other remedies are available under applicable state or federal law. However, a decision by the external reviewer does not preclude the Plan from making payment or providing benefits on a claim at any time, including after a decision that denies the claim. When an external review decision requires the Plan to provide benefits or payment on a claim, the Plan will provide benefits or payment pursuant to the decision without unreasonable delay regardless of whether the Plan intends to seek judicial review of the decision, unless and until there is a judicial decision that provides otherwise.

Statute of Limitations for Plan Claims

Please note that no legal action may be commenced or maintained to recover benefits under the Plan more than 12 months after the final review/appeal decision by the Plan Administrator has been rendered (or deemed rendered).

Appointment of Authorized Representative

A Covered Person is permitted to appoint an authorized representative to act on his or her behalf with respect to a benefit claim or appeal of a denial. An assignment of benefits by a Covered Person to a provider will not constitute appointment of that provider as an authorized representative. To appoint such a representative, the Covered Person must complete a form which can be obtained from the Plan Administrator or the Third Party Administrator. However, in connection with a claim involving urgent care, the Plan will permit a health care professional with knowledge of the Covered Person's medical condition to act as the Covered Person's authorized representative without completion of this form. In the event a Covered Person designates an authorized representative, all future communications from the Plan will be with the representative, rather than the Covered Person, unless the Covered Person directs the Plan Administrator, in writing, to the contrary.

Physical Examinations

The Plan reserves the right to have a Physician of its own choosing examine any Covered Person whose Illness or Injury is the basis of a claim. All such examinations will be at the expense of the Plan. This right may be exercised when and as often as the Plan Administrator may reasonably require during the pendency of a claim. The Covered Person must comply with this requirement as a necessary condition to coverage.

COORDINATION OF BENEFITS

Benefits Subject to This Provision

This provision applies to all benefits provided under any section of this Plan.

Excess Insurance

If at the time of Injury, Illness, disease or disability there is available or potentially available, any coverage (including, but not limited to, coverage resulting from a judgment at law or settlements), the benefits under the Plan shall apply only as an excess over such other sources of coverage.

The Plan's benefits will be excess to, whenever possible:

- (1) Any primary payer besides the Plan;
- (2) Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage;
- (3) Any policy of insurance from any insurance company or guarantor of a third-party;
- (4) Workers' Compensation or other liability insurance company; or
- (5) Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments and school insurance coverage.

Vehicle Limitation

When medical payments are available (or, under applicable law should be available) under any vehicle insurance, the Plan shall pay excess benefits only, without reimbursement for vehicle plan and/or policy deductibles. This Plan shall always be considered secondary to such plans and/or policies. This applies to all forms of medical payments under vehicle plans and/or policies regardless of its name, title or classification. If medical payments would have been available under a vehicle insurance policy if minimum legally required levels of coverage had been in effect, but the minimum level of coverage was not in effect, the Plan shall pay excess benefits only, determined as if the minimum legally required level of coverage had been in effect at the applicable time.

Allowable Expenses

"Allowable expenses" shall mean any Medically Necessary, Usual and Customary item of expense, at least a portion of which is covered under this Plan. When some Other Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered in the amount that would be payable in accordance with the terms of the Plan shall be deemed to be the benefit.

In the case of HMO (Health Maintenance Organization) plans, this Plan will not consider any charges in excess of what an HMO provider has agreed to accept as payment in full. Further, when an HMO is primary and the Covered Person does not use an HMO provider, this Plan will not consider as allowable expenses any charge that would have been covered by the HMO had the Covered Person used the services of an HMO provider.

Other Plan

"Other Plan" means any of the following plans, other than this Plan, providing benefits or services for medical or dental care or treatment:

- (1) Group, blanket or franchise insurance coverage;
- (2) Any group Hospital service prepayment, group medical or dental service prepayment, group practice or other group prepayment coverage;
- (3) Any coverage under labor-management trustee plans, union welfare plans, employer organization plans, school insurance or employee benefit organization plans;
- (4) Coverage under Medicare and any other governmental program that the Covered Person is liable for payment, except state-sponsored medical assistance programs and TRICARE, in which case this Plan pays primary;
- (5) Coverage under any Health Maintenance Organization (HMO); or

- (6) Any mandatory automobile insurance (such as no-fault) providing benefits under a medical expense reimbursement provision for health care services because of Injuries arising out of a motor vehicle accident and any other medical and liability benefits received under any automobile policy.

Application to Benefit Determinations

The plan that pays first according to the rules in the section entitled "Order of Benefit Determination" will pay as if there were no other plan involved. When this Plan is the secondary payer, the combination of payment from both plans cannot exceed this Plan's maximum allowable benefit. When there is a conflict in the order of benefit determination, this Plan will never pay more than 50% of allowable expenses.

Order of Benefit Determination

For the purposes of the section entitled "Application to Benefit Determinations," the rules establishing the order of benefit determination are listed below. The Plan will consider these rules in the order in which they are listed and will apply the first rule that satisfies the circumstances of the claim:

- (1) A plan without a coordinating provision will always be the primary plan;
- (2) The plan covering the person directly rather than as a Retiree's dependent is primary and the other plans are secondary.
- (3) Active/laid-off or Retirees: The plan which covers a person as an active employee (or as that employee's dependent) determines its benefits before the Plan which covers a person as a laid-off or retired employee (or as that employee's dependent). If the Plan which covers that person has not adopted this rule and if, as a result, the Plans do not agree on the order of benefits, this rule will not apply.
- (4) Dependent children of parents not separated or divorced or unmarried parents living together: The plan covering the parent whose birthday falls earlier in the year pays first. The plan covering the parent whose birthday falls later in the year pays second. However, if the other plan does not have this rule but instead has a rule based upon the gender of the parent and if as a result the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.
- (5) Dependent children of separated or divorced parents or unmarried parents not living together: When parents are separated or divorced or unmarried and not living together, neither the male/female nor the birthday rules apply. Instead:
 - (a) The plan of the parent with custody pays first;
 - (b) The plan of the spouse of the parent with custody (the step-parent) pays next;
 - (c) The plan of the parent without custody pays next; and
 - (d) The plan of the spouse of the non-custodial parent pays last.

Notwithstanding the above provisions, if there is a court decree that would otherwise establish financial responsibility for the child's health care expenses, the benefits of the plan that covers the child as a dependent of the parent with such financial responsibility shall be determined before the benefits of any other plan that covers the child as a dependent child.

- (6) If a person whose coverage is provided under a right of continuation pursuant to state or federal law (e.g., COBRA) is also covered under another plan, the plan covering the person as an employee, member, subscriber or retiree (or as that person's dependent) is primary and the continuation coverage is secondary. If the other plan does not have this rule and if, as a result, the plans do not agree on the order of benefits, this rule is ignored.

When the rules above do not establish an order of benefit determination, the benefits of a plan which has covered the person on whose expenses claim is based for the longer period of time shall be determined before the benefits of a plan which has covered such person the shorter period of time.

Right to Receive and Release Necessary Information

For the purpose of determining the applicability of and implementing the terms of this coordination of benefits provision or any provision of similar purpose of any other plan, this Plan may, without notice to any person, release to or obtain from any insurance company or other organization or individual, any information with respect to any person, which the Plan deems to be necessary for such purposes. Any person claiming benefits under this Plan is deemed to consent to the release and receipt of such information and agrees to furnish to the Plan such information as may be necessary to implement this provision.

Facility of Payment

Whenever payments which should have been made under this Plan in accordance with this provision have been made under any other Plans, the Plan Administrator may, in its sole discretion, pay any organizations making such other payments any amounts it shall determine to be warranted in order to satisfy the intent of this provision and amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, this Plan shall be fully discharged from liability.

Right of Recovery

Whenever payments have been made by this Plan with respect to allowable expenses in a total amount, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, the Plan shall have the right to recover such payments, to the extent of such excess, in accordance with the Recovery of Payments provision of this Plan.

Recovery of Payments

Occasionally, benefits are paid more than once, are paid based upon improper billing or a misstatement in a proof of loss or enrollment information, are not paid according to the Plan's terms, conditions, limitations or exclusions or should otherwise not have been paid by the Plan. This Plan may also inadvertently pay benefits that are later found to be greater than the maximum allowable charge. In this case, this Plan may recover the amount of the overpayment from the person or entity to which it was paid, primary payers or from the party on whose behalf the charge(s) were paid. Whenever the Plan pays benefits exceeding the amount of benefits payable under the terms of the Plan, the Plan Administrator has the right to recover any such erroneous payment.

A Covered Person, provider, another benefit plan, insurer or any other person or entity who receives a payment exceeding the amount of benefits payable under the terms of the Plan or on whose behalf such payment was made, shall return or refund the amount of such erroneous payment to the Plan within 30 days of discovery or demand. The Plan Administrator shall have discretion in deciding whether to obtain payment for the expense for which the erroneous payment was made or to which it was applied.

The person or entity receiving an erroneous payment may not apply such payment to another expense. The Plan Administrator shall have the sole discretion to choose who will repay the Plan for an erroneous payment and whether such payment shall be reimbursed in a lump sum. When a Covered Person or other entity does not comply with the provisions of this section, the Plan Administrator shall have the authority, in its sole discretion, to deny payment of any claims for benefits by the Covered Person and to deny or reduce future benefits payable (including payment of future benefits for any other Injury or Illness) under the Plan by the amount due as reimbursement to the Plan. The Plan Administrator may also, in its sole discretion, deny or reduce future benefits (including future benefits for any other Injury or Illness) under any other group benefits plan maintained by the Plan Sponsor. The reductions will equal the amount of the required reimbursement.

Providers and any other person or entity accepting payment from the Plan or to whom a right to benefits has been assigned, in consideration of services rendered, payments and/or rights, agree to be bound by the terms of this Plan and agree to submit claims for reimbursement in strict accordance with their state's health care practice acts, most recent edition of the ICD or CPT standards, Medicare guidelines, HCPCS standards or other standards approved by the Plan Administrator or insurer. Any payments made on claims for reimbursement not in accordance with the above provisions shall be repaid to the Plan within 30 days of discovery or demand or incur prejudgment interest of 1.5% per month. If the Plan must bring an action against a Covered Person, provider or other person or entity to enforce the provisions of this section, then that Covered Person, provider or other person or entity agrees to pay the Plan's attorneys' fees and costs, regardless of the action's outcome.

Further, a Covered Person and/or their Dependents, beneficiaries, estate, heirs, guardian, personal representative or assigns ("Plan Participants") shall assign or be deemed to have assigned to the Plan their right to recover said payments made by the Plan, from any other party and/or recovery for which the Plan Participant(s) are entitled, for or in relation to facility-acquired condition(s), provider error(s) or damages arising from another party's act or omission for which the Plan has not already been reimbursed.

The Plan reserves the right to deduct from any benefits properly payable under this Plan the amount of any payment which has been made:

- (1) In error;
- (2) Pursuant to a misstatement contained in a proof of loss or a fraudulent act;
- (3) Pursuant to a misstatement made to obtain coverage under this Plan within 2 years after the date such coverage commences;
- (4) With respect to an ineligible person;
- (5) In anticipation of obtaining a recovery if a Covered Person fails to comply with the Plan's Subrogation, Third Party Recovery and Reimbursement provisions; or
- (6) Pursuant to a claim for which benefits are recoverable under any policy or act of law providing for coverage for occupational injury or disease to the extent that such benefits are recovered. This provision (6) shall not be deemed to require the Plan to pay benefits under this Plan in any such instance.

The deduction may be made against any claim for benefits under this Plan by a Covered Person if such payment is made with respect to the Covered Person.

If the Plan seeks to recoup funds from a provider, due to a claim being made in error, a claim being fraudulent on the part of the provider and/or the claim that is the result of the provider's misstatement, said provider shall, as part of its assignment to benefits from the Plan, abstain from billing the Covered Person for any outstanding amount(s).

Medicaid Coverage

You or your Dependent's eligibility for any state Medicaid benefits will not be taken into account in determining or making any payments for benefits to or on behalf of you or your Dependent. Any such benefit payments will be subject to the state's right to reimbursement for benefits it has paid on behalf of such person, as required by the state Medicaid program; and the Plan will honor any subrogation rights the state may have with respect to benefits which are payable under the Plan.

Coordination of Benefits with Medicaid

In all cases, benefits available through a state or federal Medicaid program will be secondary or subsequent to the benefits of this Plan.

Coordination of Benefits with Medicare

When Medicare is the primary payor, the Plan will base its payment upon benefits allowable by Medicare. If you did not elect coverage under Medicare Parts A and/or B when eligible, the Plan will be secondary and coordinate with benefits that would have been provided by Medicare.

When you, your Spouse or Dependents (as applicable) are eligible for or entitled to Medicare and covered by the Plan, the Plan at all times will be operated in accordance with any applicable Medicare secondary payer and non-discrimination rules. These rules include, where applicable, but are not necessarily limited to, rules concerning individuals with end stage renal disease, rules concerning active employees age 65 or over and rules concerning working disabled individuals (as discussed below).

When Medicare is the primary payor, the Plan will pay secondary to the extent the benefit is a Covered Expense under the Plan (meaning that the Plan will base its payment upon benefits allowable by Medicare).

In accordance with federal law, the following rules apply in determining whether Medicare or Plan coverage is primary health care coverage:

- (1) The Working Aged Rule: Medicare benefits are secondary to benefits payable under the Plan for individuals entitled to Medicare due to being age 65 or over and who have Plan coverage as a result of his or her current employment status (or the current employment status of a Spouse). When you or your Spouse become eligible for Medicare due to the attainment of age 65, you or your Spouse may still be eligible for benefits provided under the Plan based on your current employment status.

If, as a result, you have or your Spouse has primary coverage under the Plan, the Plan will pay the portion of your incurred expenses that are normally covered by the Plan. All or part of the remaining amount, if any, may be paid by Medicare if the expenses are covered expenses under Medicare and the portion of the expenses covered by Medicare exceeds the portion covered by the Plan. If the expenses are not covered by the Plan but are Medicare-covered expenses, then Medicare will process its payment of the expenses as if you do not have Plan coverage.

- (2) **The Working Disabled Rule:** Medicare benefits are secondary to benefits payable under the Plan for covered individuals under age 65 entitled to Medicare on the basis of disability (other than end-stage renal disease) and who are covered under the Plan as a result of current employment status with an employer. That is, if you or your Dependents are covered by the Plan based on your current employment status, Medicare benefits are secondary for you or your covered Dependents entitled to Medicare on the basis of disability (other than end-stage renal disease). In this case the Plan is primary.
- (3) **End-Stage Renal Disease Rule:** Medicare benefits are secondary to benefits payable under the Plan for covered individuals eligible for or entitled to Medicare benefits on the basis of end-stage renal disease ("ESRD"), for a period not to exceed 30 months generally beginning the first day of the month of eligibility or entitlement to Medicare due to ESRD. (Special rules apply if you were entitled to Medicare based on age or disability prior to becoming eligible for Medicare due to ESRD.) Because an ESRD patient can have up to a 3-month wait to obtain Medicare coverage, the Plan's primary payment responsibility may vary up to 3 months. If the basis of your entitlement to Medicare changes from ESRD to age or disability, the Plan's primary payment responsibility may terminate on the month before the month in which the change is effective and the rules set forth above, if applicable, will apply. Your Employer can provide you with more detailed information on how this rule works.

Medicare and COBRA

For most COBRA beneficiaries (e.g., the working aged or disabled Medicare beneficiaries), Medicare rules state that Medicare will be primary to COBRA continuation coverage and this would apply to this Plan's Continuation of Benefits (COBRA) coverage. For an ESRD-related Medicare beneficiary, COBRA continuation coverage (if elected) is generally primary to Medicare during the 30-month coordination period.

Coordination of Benefits with TRICARE

The Plan at all times will be operated in accordance with any applicable TRICARE secondary payer and non-discrimination rules issued by the Department of Defense.

SUBROGATION, THIRD-PARTY RECOVERY AND REIMBURSEMENT

Payment Condition

- (1) The Plan, in its sole discretion, may elect to conditionally advance payment of medical benefits in those situations where an Injury, Illness, disease or disability is caused in whole or in part by or results from the acts or omissions of you and/or your Dependents, plan beneficiaries and/or their Dependents, beneficiaries, estate, heirs, guardian, personal representative or assigns (collectively referred to hereinafter in this section as "Covered Person") or a third party, where other insurance is available, including but not limited to no-fault, uninsured motorist, underinsured motorist and medical payment provisions (collectively "coverage").
- (2) The Covered Person, his or her attorney and/or Legal Guardian of a minor or incapacitated individual agrees that acceptance of the Plan's conditional payment of medical benefits is constructive notice of these provisions in their entirety and agrees to maintain 100% of the Plan's conditional payment of benefits or the full extent of payment from any one or combination of first and third party sources in trust, without disruption except for reimbursement to the Plan or the Plan's assignee. By accepting benefits the Covered Person agrees the Plan shall have an equitable lien on any funds received by the Covered Person and/or their attorney from any source and said funds shall be held in trust until such time as the obligations under this provision are fully satisfied. The Covered Person agrees to include the Plan's name as a co-payee on any and all settlement drafts.
- (3) In the event a Covered Person settles, recovers or is reimbursed by any coverage, the Covered Person agrees to reimburse the Plan for all benefits paid or that will be paid by the Plan on behalf of the Covered Person. If the Covered Person fails to reimburse the Plan out of any judgment or settlement received, the Covered Person will be responsible for any and all expenses (fees and costs) associated with the Plan's attempt to recover such money.
- (4) If there is more than one party responsible for charges paid by the Plan or may be responsible for charges paid by the Plan, the Plan will not be required to select a particular party from whom reimbursement is due. Furthermore, unallocated settlement funds meant to compensate multiple injured parties of which the Covered Person(s) is/are only one or a few, that unallocated settlement fund is considered designated as an "identifiable" fund from which the Plan may elect to seek reimbursement, at its discretion.

Subrogation

- (1) As a condition to participating in and receiving benefits under this Plan, the Covered Person agrees to assign to the Plan the right to subrogate any and all claims, causes of action or rights that may arise against any person, corporation and/or entity and to any coverage to which the Covered Person is entitled, regardless of how classified or characterized, at the Plan's discretion.
- (2) If a Covered Person receives or becomes entitled to receive benefits, an automatic equitable subrogation lien attaches in favor of the Plan to any claim, which any Covered Person may have against any coverage and/or party causing the Illness or Injury to the extent of such conditional payment by the Plan plus reasonable costs of collection.
- (3) The Plan may, at its discretion, in its own name or in the name of the Covered Person, commence a proceeding or pursue a claim against any party or coverage for the recovery of all damages to the full extent of the value of any such benefits or conditional payments advanced by the Plan.
- (4) If the Covered Person fails to file a claim or pursue damages against:
 - (a) The responsible party, its insurer or any other source on behalf of that party;
 - (b) Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage;
 - (c) Any policy of insurance from any insurance company or guarantor of a third party;
 - (d) Workers' Compensation or other liability insurance company; or,
 - (e) Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments and school insurance coverage;

the Covered Person authorizes the Plan to pursue, sue, compromise and/or settle any such claims in the Covered Persons and/or the Plan's name and agrees to fully cooperate with the Plan in the prosecution of any such claims. The Covered Person assigns all rights to the Plan or its assignee to pursue a claim and the recovery of all expenses from any and all sources listed above.

Right of Reimbursement

- (1) The Plan shall be entitled to recover 100% of the benefits paid, without deduction for attorneys' fees and costs or application of the common fund doctrine, make whole doctrine or any other similar legal theory, without regard to whether the Covered Person is fully compensated by his or her recovery from all sources. The Plan shall have an equitable lien which supersedes all common law or statutory rules, doctrines and laws of any state prohibiting assignment of rights which interferes with or compromises in any way the Plan's equitable subrogation lien. The obligation exists regardless of how the judgment or settlement is classified and whether or not the judgment or settlement specifically designates the recovery or a portion of it as including medical, disability or other expenses. If the Covered Persons' recovery is less than the benefits paid, then the Plan is entitled to be paid all of the recovery achieved.
- (2) No court costs, experts' fees, attorneys' fees, filing fees or other costs or expenses of litigation may be deducted from the Plan's recovery without the prior, expressed written consent of the Plan.
- (3) The Plan's right of subrogation and reimbursement will not be reduced or affected as a result of any fault or claim on the part of the Covered Person, whether under the doctrines of causation, comparative fault or contributory negligence or other similar doctrine in law. Accordingly, any lien reduction statutes, which attempt to apply such laws and reduce a subrogating Plan's recovery will not be applicable to the Plan and will not reduce the Plan's reimbursement rights.
- (4) These rights of subrogation and reimbursement shall apply without regard to whether any separate written acknowledgment of these rights is required by the Plan and signed by the Covered Person.
- (5) This provision shall not limit any other remedies of the Plan provided by law. These rights of subrogation and reimbursement shall apply without regard to the location of the event that led to or caused the applicable Illness, Injury, disease or disability.

Excess Insurance

If at the time of Injury, Illness, disease or disability, there is available or potentially available any coverage (including but not limited to coverage resulting from a judgment at law or settlements), the benefits under this Plan shall apply only as an excess over such other sources of coverage, except as provided for under the Plan's "Coordination of Benefits" section. The Plan's benefits shall be excess to:

- (1) The responsible party, its insurer or any other source on behalf of that party;
- (2) Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage;
- (3) Any policy of insurance from any insurance company or guarantor of a third party;
- (4) Workers' Compensation or other liability insurance company; or
- (5) Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments and school insurance coverage.

Separation of Funds

Benefits paid by the Plan, funds recovered by the Covered Person and funds held in trust over which the Plan has an equitable lien exist separately from the property and estate of the Covered Person, such that the death of the Covered Person or filing of bankruptcy by the Covered Person, will not affect the Plan's equitable lien, the funds over which the Plan has a lien or the Plan's right to subrogation and reimbursement.

Wrongful Death

In the event that the Covered Person dies as a result of his or her Injuries and a wrongful death or survivor claim is asserted against a third party or any coverage, the Plan's subrogation and reimbursement rights shall still apply.

Obligations

- (1) It is the Covered Person's obligation at all times, both prior to and after payment of medical benefits by the Plan:
 - (a) To cooperate with the Plan or any representatives of the Plan, in protecting its rights, including discovery, attending depositions and/or cooperating in trial to preserve the Plan's rights;
 - (b) To provide the Plan with pertinent information regarding the Illness, disease, disability or Injury, including Accident reports, settlement information and any other requested additional information;
 - (c) To take such action and execute such documents as the Plan may require to facilitate enforcement of its subrogation and reimbursement rights;
 - (d) To do nothing to prejudice the Plan's rights of subrogation and reimbursement;
 - (e) To promptly reimburse the Plan when a recovery through settlement, judgment, award or other payment is received; and
 - (f) To not settle or release, without the prior consent of the Plan, any claim to the extent that the Plan beneficiary may have against any responsible party or coverage.
- (2) If the Covered Person and/or his or her attorney fails to reimburse the Plan for all benefits paid or to be paid, as a result of said Injury or condition, out of any proceeds, judgment or settlement received, the Covered Person will be responsible for any and all expenses (whether fees or costs) associated with the Plan's attempt to recover such money from the Covered Person.
- (3) The Plan's rights to reimbursement and/or subrogation are in no way dependent upon the Covered Persons' cooperation or adherence to these terms.

Offset

Failure by the Covered Person and/or his or her attorney to comply with any of these requirements may, at the Plan's discretion, result in a forfeiture of payment by the Plan of medical benefits and any funds or payments due under this Plan may be withheld until the Covered Person satisfies his or her obligation.

Minor Status

- (1) In the event the Covered Person is a minor as that term is defined by applicable law, the minor's parents or court-appointed guardian shall cooperate in any and all actions by the Plan to seek and obtain requisite court approval to bind the minor and his or her estate insofar as these subrogation and reimbursement provisions are concerned.
- (2) If the minor's parents or court-appointed guardian fail to take such action, the Plan shall have no obligation to advance payment of medical benefits on behalf of the minor. Any court costs or legal fees associated with obtaining such approval shall be paid by the minor's parents or court-appointed guardian.

Language Interpretation

The Plan Sponsor retains sole, full and final discretionary authority to construe and interpret the language of this provision, to determine all questions of fact and law arising under this provision and to administer the Plan's subrogation and reimbursement rights. The Plan Sponsor may amend the Plan at any time without notice.

Severability

In the event that any section of this provision is considered invalid or illegal for any reason, said invalidity or illegality shall not affect the remaining sections of this provision and Plan. The section shall be fully severable. The Plan shall be construed and enforced as if such invalid or illegal sections had never been inserted in the Plan.

Notwithstanding anything contained herein to the contrary, to the extent this Plan is not governed by ERISA, the Plan's right to subrogation and reimbursement may be subject to applicable state subrogation laws.

DEFINITIONS

In this section you will find the definitions for the capitalized words found throughout this Plan. There may be additional words or terms that have a meaning that pertains to a specific section and those definitions will be found in that section provided, however, that any such capitalized word shall have such meaning when used in any other section. These definitions are not an indication that charges for particular care, supplies or services are eligible for payment under the Plan. Please refer to the appropriate sections of this Plan for that information.

Accident means a non-occupational sudden and unforeseen event, definite as to time and place or a deliberate act resulting in unforeseen consequences.

Ambulatory Surgical Center means a free-standing surgical center, which is not part of a Hospital and which: (1) has an organized medical staff of Physicians; (2) has permanent facilities that are equipped and operated primarily for the purpose of performing Surgical Procedures; (3) has continuous Physician's services and registered graduate nursing (R.N.) services whenever a patient is in the facility; (4) is licensed by the jurisdiction in which it is located; and (5) does not provide for overnight accommodations.

Assistant Surgeon means a Physician who actively assists the Physician in charge of a case in performing a Surgical Procedure. Depending on the type of Surgery to be performed, an operating surgeon may have one or 2 Assistant Surgeons. The technical aspects of the Surgery involved dictate the need for an Assistant Surgeon.

Birthing Center means a place licensed as such by an agency of the state. If the state does not have any licensing requirements, it must meet all of the following tests: (1) is primarily engaged in providing birthing services for low risk pregnancies; (2) is operated under the supervision of a Physician; (3) has at least one registered nurse (R.N.) certified as a nurse midwife in attendance at all times; (4) has a written agreement with a licensed ambulance for that service to provide immediate transportation of the Covered Person to a Hospital as defined herein if an emergency arises; and (5) has a written agreement with a Hospital located in the immediate geographical area of the Birthing Center to provide emergency admission of the Covered Person.

Calendar Year means January 1 – December 31.

Close Relative means a Covered Person's spouse, parent (including step-parents), sibling, child, grandparent or in-law.

COBRA means the Consolidated Omnibus Budget Reconciliation Act of 1985, as may be amended from time to time.

Coinurance has the same meaning as set forth in the section of this Plan entitled "General Overview of the Plan".

Concurrent Review means the Medical Management Program Administrator will review all Inpatient admissions for a patient's length of stay. The review is based on clinical information received by the Medical Management Program Administrator from the provider or facility.

Congenital Anomaly means a physical developmental defect that is present at birth.

Copay has the same meaning as set forth in the section of this Plan entitled "General Overview of the Plan".

Cosmetic means any procedure which is primarily directed at improving an individual's appearance and does not meaningfully promote the proper function of the body or prevent or treat illness or disease.

Covered Expense means:

(1) An item or service listed in the Plan as an eligible medical expense for which the Plan provides coverage.

Covered Person means, individually, a covered Employee or Retiree and each of his or her Dependents who are covered under the Plan.

Custodial Care means care or confinement provided primarily for the maintenance of the Covered Person, essentially designed to assist the Covered Person, whether or not totally disabled, in the activities of daily living, which could be rendered at home or by persons without professional skills or training. This care is not reasonably expected to improve the underlying medical condition, even though it may relieve symptoms or pain. Such care includes, but is not limited to, bathing, dressing, feeding, preparation of special diets, assistance in walking or getting in and out of bed, supervision over medication which can normally be self-administered and all domestic activities.

Dentist means an individual who is duly licensed to practice dentistry or to perform oral Surgery in the state where the service is performed and is operating within the scope of such license. A Physician will be considered a Dentist when performing any covered dental services allowed within such license.

Dependent is a Covered Person, other than the Employee or Retiree, who is covered by the Plan pursuant to the terms and conditions set forth in the "Eligibility for Participation" section of the Plan.

Durable Medical Equipment means equipment that:

- (1) Can withstand repeated use;
- (2) Is primarily and customarily used to serve a medical purpose;
- (3) Generally is not useful to a person in the absence of an Illness or Injury; and
- (4) Is appropriate for use in the home.

Emergency Medical Condition means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) so that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

- (1) placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy;
- (2) serious impairment to bodily functions; or
- (3) serious dysfunction of any bodily organ or part.

Emergency Services means, with respect to an Emergency Medical Condition:

- (1) A medical screening examination (as required under section 1867 of the Social Security Act, 42 U.S.C. 1395dd) that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department to evaluate such Emergency Medical Condition; and
- (2) Such further medical examination and treatment, to the extent they are within the capabilities of the staff and facilities available at the Hospital, as are required under section 1867 of the Social Security Act (42 U.S.C. 1395dd(e)(3)) to Stabilize the individual.

Expenses related to an Emergency Medical Condition while the Covered Person is traveling overseas will be covered, including when a Covered Person experiences severe cold or flu-like symptoms.

Employer means the Plan Sponsor.

ERISA means the Employee Retirement Income Security Act of 1974, as may be amended from time to time.

Experimental and/or Investigational means services, supplies, care and treatment which do not constitute accepted and appropriate medical practice considering the facts and circumstances of the case and by the generally accepted standards of a reasonably substantial, qualified, responsible, relevant segment of the appropriate medical community or government oversight agencies at the time services were rendered, as determined by the Plan Administrator as set forth below.

The Plan Administrator must make an independent evaluation of the Experimental or non-Experimental standings of specific technologies. The Plan Administrator shall be guided by a reasonable interpretation of Plan provisions. The decisions shall be made in good faith and rendered following a detailed factual background investigation of the claim and the proposed treatment. The decision of the Plan Administrator will be final and binding on the Plan. In addition to the above, the Plan Administrator will be guided by the following principles to determine whether a proposed treatment is deemed to be Experimental and/or Investigational:

- (1) If the drug or device cannot be lawfully marketed without approval of the U.S. Food and Drug Administration (FDA) and approval for marketing has not been given at the time the drug or device is furnished, then it is deemed to be Experimental and/or Investigational; or
- (2) If the drug, device, medical treatment or procedure or the patient informed consent document utilized with the drug, device, treatment or procedure, was reviewed and approved by the treating facility's Institutional Review Board or other body serving a similar function or if federal law requires such review or approval, then it is deemed to be Experimental and/or Investigational; or
- (3) If Reliable Evidence shows that the drug, device, medical treatment or procedure is the subject of on-going Phase I or Phase II clinical trials or is the subject of the research, Experimental, study, Investigational or other arm of on-going Phase III clinical trials or is otherwise under study to determine its maximum tolerated dose, its toxicity, its safety, its efficacy or its efficacy as compared with a standard means of treatment or diagnosis, then it is deemed to be Experimental and/or Investigational; or
- (4) If Reliable Evidence shows that the prevailing opinion among experts regarding the drug, device, medical treatment or procedure is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy or its efficacy as compared with a standard means of treatment or diagnosis, then it is deemed to be Experimental and/or Investigational.

Reliable Evidence shall mean only published reports and articles in the authoritative medical and scientific literature; the written protocol or protocols used by the treating facility or the protocol(s) of another facility studying substantially the same drug, service, medical treatment or procedure; or the written informed consent used by the treating facility or by another facility studying substantially the same drug, device, medical treatment or procedure.

Drugs are considered Experimental if they are not commercially available for purchase and/or they are not approved by the FDA for general use.

Expenses for drugs, devices, services, medical treatments or procedures related to an Experimental and/or Investigational treatment (related services) and complications from an Experimental and/or Investigational treatment and their related services are excluded from coverage, even if such complications and related services would be covered in the absence of the Experimental and/or Investigational treatment.

Final determination of Experimental and/or Investigational, Medical Necessity and/or whether a proposed drug, device, medical treatment or procedure is covered under the Plan will be made by and in the sole discretion of the Plan Administrator.

FMLA means the Family and Medical Leave Act of 1993, as may be amended from time to time.

Genetic Information means information about genes, gene products and inherited characteristics that may derive from the individual or a family member. This includes information regarding carrier status and information derived from laboratory tests that identify mutations in specific genes or chromosomes, physical medical examinations, family histories and direct analysis of genes or chromosomes. Usual and Customary allowances are based on what is usually and customarily accepted as payment for the same service within a geographical area. In determining whether charges are Usual and Customary, consideration will be given to the nature and severity of the condition and any medical or dental complications or unusual circumstances which require additional time, skill or experience. Limitations for Usual and Customary Charges are not applicable to Participating Providers.

PLAN ADMINISTRATION

Delegation of Responsibility

The Plan Sponsor is a named fiduciary of the Plan with full discretionary authority for the control and management of the operation and administration of the Plan. The Plan Sponsor may delegate fiduciary and other responsibilities to any individual or entity. Any person to whom any responsibility is delegated may serve in more than one fiduciary capacity with respect to the Plan and may be a participant in the Plan.

Authority to Make Decisions

The Plan is administered by the Plan Administrator in accordance with ERISA. The Plan Administrator has retained the services of the Third Party Administrator to provide certain claims processing and other ministerial services. An individual or entity may be appointed by the Plan Sponsor to be Plan Administrator and serve at the convenience of the Plan Sponsor. If the Plan Administrator resigns, dies, is otherwise unable to perform, is dissolved or is removed from the position, the Plan Sponsor will appoint a new Plan Administrator as soon as reasonably possible.

The Plan Administrator will administer this Plan in accordance with its terms and establish its policies, interpretations, practices and procedures. It is the express intent of this Plan that the Plan Administrator will have maximum legal discretionary authority to construe and interpret the terms and provisions of the Plan, to make determinations regarding issues which relate to eligibility for benefits (including the determination of what services, supplies, care and treatments are Experimental and/or Investigational), to decide disputes which may arise relative to you and/or your Dependent's rights and to decide questions of Plan interpretation and those of fact and law relating to the Plan. The decisions of the Plan Administrator as to the facts related to any claim for benefits and the meaning and intent of any provision of the Plan or its application to any claim, shall receive the maximum deference provided by law and will be final and binding on all interested parties. Benefits under this Plan will be paid only if the Plan Administrator decides, in its discretion, that you and/or your Dependent (as applicable) are entitled to them.

The duties of the Plan Administrator include the following:

- (1) To administer the Plan in accordance with its terms;
- (2) To determine all questions of eligibility, status and coverage under the Plan;
- (3) To interpret the Plan, including the authority to construe possible ambiguities, inconsistencies, omissions and disputed terms;
- (4) To make factual findings;
- (5) To decide disputes which may arise relative to a Covered Person's rights;
- (6) To prescribe procedures for filing a claim for benefits, to review claim denials and appeals relating to them and to uphold or reverse such denials; or, alternatively, to appoint a qualified administrator to carry out these functions on the Plan Administrator's behalf;
- (7) To keep and maintain the Plan documents and all other records pertaining to the Plan;
- (8) To appoint and supervise a Third Party Administrator to pay claims;
- (9) To perform all necessary reporting as required by federal or state law;
- (10) To establish and communicate procedures to determine whether a child support order or decree is a QMCSO;
- (11) To delegate to any person or entity such powers, duties and responsibilities as it deems appropriate; and
- (12) To perform each and every function necessary for or related to the Plan's administration.

Amendment or Termination of Plan

The Plan Sponsor expects to maintain this Plan indefinitely; however, the Plan Sponsor may, in its sole discretion, at any time, amend, suspend or terminate the Plan in whole or in part.

The Plan Sponsor may, in its sole discretion, at any time, amend, suspend or terminate by operation of law, as a result of changes in law which are required to affect provisions in the Plan.

Any such amendment, suspension or termination shall be taken and enacted in accordance with applicable federal and state law and any applicable governing documents.

If the Plan is terminated, the rights of Covered Persons are limited to expenses Incurred before termination. All amendments to this Plan shall become effective as of a date established by the Plan Sponsor.

MISCELLANEOUS INFORMATION

Assignment Of Benefits

No benefit under the Plan shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance or charge and any attempt to do so shall be void. No benefit under the Plan shall in any manner be liable for or subject to the debts, contracts, liabilities, engagements or torts of any person.

Notwithstanding the foregoing, the Plan will honor any Qualified Medical Child Support Order ("QMCSO") which provides for coverage under the Plan for an alternate recipient, in the manner described in ERISA Section 609(a) and in the Plan's QMCSO procedures.

Clerical Error

Clerical errors made on the records of the Plan and delays in making entries on such records shall not invalidate coverage nor cause coverage to be in force or to continue in force. Rather, the effective dates of coverage shall be determined solely in accordance with the provisions of this Plan regardless of whether any contributions with respect to you and/or your Dependents have been made or have failed to be made because of such errors or delays. Upon discovery of any such error or delay, an equitable adjustment of any such contributions will be made.

Conformity with Applicable Laws

This Plan shall be deemed automatically to be amended to conform as required by any applicable law, regulation or the order or judgment of a court of competent jurisdiction governing provisions of this Plan, including, but not limited to, stated maximums, exclusions or limitations. In the event that any law, regulation or the order or judgment of a court of competent jurisdiction causes the Plan Administrator to pay claims that are otherwise limited or excluded under this Plan, such payments will be considered as being in accordance with the terms of Plan. It is intended that the Plan will conform to the requirements of any applicable federal or state law.

Cost of the Plan

The Plan Sponsor is responsible for funding the Plan and will do so as required by law. To the extent permitted by law, the Plan Sponsor is free to determine the manner and means of funding the Plan, including, but not limited to, payment of Plan expenses from the Employer's general assets. The amount of contribution (if any) for your coverage or coverage for your Dependents will be determined from time to time by the Plan Sponsor, in its sole discretion.

Interpretation of this Document

The use of masculine pronouns in this Plan shall apply to persons of both sexes unless the context clearly indicates otherwise. The headings used in this Plan are used for convenience of reference only. You and your Dependents are advised not to rely on any provision because of the heading.

The use of the words, "you" and "your" throughout this Plan applies to eligible or covered Retirees and, where appropriate in context, their covered Dependents.

No Contract of Employment

This Plan and any amendments constitute the terms and provisions of coverage under this Plan. The Plan shall not be deemed to constitute a contract of any type between the Employer and any person or to be consideration for or an inducement or condition of, the employment of any Retiree. Nothing in this Plan shall be deemed to give any Retiree the right to be retained in the service of the Employer or to interfere with the right of the Employer to discharge any Retiree at any time.

Release of Information

For the purpose of determining the applicability of and implementing the terms of these benefits, the Plan Administrator may, without the consent of or notice to any person, release or obtain any information necessary to determine the acceptability of any applicant or person covered for benefits under this Plan. In so acting, the Plan Administrator shall be free from any liability that may arise with regard to such action; however, the Plan Administrator at all times will comply with the applicable privacy standards. Any Covered Person claiming benefits under this Plan shall furnish to the Plan Administrator such information as may be necessary to implement this provision.

Workers' Compensation

This Plan excludes coverage for any Injury or Illness that is eligible for coverage under any Workers' Compensation policy or law regardless of the date of onset of such Injury or Illness. However, if benefits are paid by the Plan and it is later determined that you received or are eligible to receive Workers' Compensation coverage for the same Injury or Illness, the Plan is entitled to full recovery for the benefits it has paid. This exclusion applies to past and future expenses for the Injury or Illness regardless of the amount or terms of any settlement you receive from Workers' Compensation. The Plan will exercise its right to recover against you. The Plan reserves its right to exercise its rights under this section and the section entitled "Recovery of Payment" even though:

- (1) The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise;
- (2) No final determination is made that the Injury or Illness was sustained in the course of or resulted from your employment;
- (3) The amount of Workers' Compensation benefits due specifically to health care expense is not agreed upon or defined by you or the Workers' Compensation carrier; or
- (4) The health care expense is specifically excluded from the Workers' Compensation settlement or compromise.

You are required to notify the Plan Administrator immediately when you file a claim for coverage under Workers' Compensation if a claim for the same Injury or Illness is or has been filed with this Plan. Failure to do so or to reimburse the Plan for any expenses it has paid for which coverage is available through Workers' Compensation, will be considered a fraudulent claim and you will be subject to any and all remedies available to the Plan for recovery and disciplinary action.

STATEMENT OF ERISA RIGHTS

As a Covered Person in the Plan, you and your Dependents are entitled to certain rights and protections under ERISA. ERISA provides that you and your eligible Dependents are entitled to:

Receive Information About Your Plan and Benefits

Examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites, all documents governing the Plan, including insurance contracts (if any) and copies of the latest annual report (Form 5500 Series) filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Retiree Benefits Security Administration.

Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Plan, including insurance contracts (if any) and copies of the latest annual report (Form 5500 Series) and updated Summary Plan Description. The Plan Administrator may make a reasonable charge for the copies.

Receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to furnish each Covered Person with a copy of this summary annual report.

Continue Group Health Plan Coverage

Continue health care coverage for yourself, spouse or Dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your Dependents may have to pay for such coverage. Review this Summary Plan Description and the documents governing the Plan on the rules governing your COBRA continuation coverage rights.

You should be provided a Certificate of Creditable Coverage, free of charge, from your group health Plan or health insurance issuer on request or when you lose coverage under the plan, when you become entitled to elect COBRA continuation coverage, when your COBRA continuation coverage ceases, if you request it before losing coverage or if you request it up to 24 months after losing coverage.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for Covered Persons, ERISA imposes duties upon the people who are responsible for the operation of the Plan. The people who operate your Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of you and other Covered Persons and beneficiaries. No one, including your Participating Employer or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of Plan documents or the latest annual report from the Plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you a daily penalty up to the statutory maximum amount until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the qualified status of a domestic relations order, a medical child support order or a national medical support notice, you may file suit in federal court. If it should happen that Plan fiduciaries misuse the Plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a federal court. The court will decide who would pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Assistance with Your Questions

If you have any questions about the Plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under ERISA or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest Office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

HIPAA PRIVACY PRACTICES

The following is a description of certain rules that apply to the Plan Sponsor regarding uses and disclosures of your health information.

Disclosure of Summary Health Information to the Plan Sponsor

In accordance with HIPAA's standards for privacy of individually identifiable health information (the "privacy standards"), the Plan may disclose summary health information to the Plan Sponsor, if the Plan Sponsor requests the summary health information for the purpose of:

- (1) Obtaining premium bids from health plans for providing health insurance coverage under this Plan; or
- (2) Modifying, amending or terminating the Plan.

"Summary health information" is information, which may include individually identifiable health information, that summarizes the claims history, claims expenses or the type of claims experienced by individuals in the Plan, but that excludes all identifiers that must be removed for the information to be de-identified, except that it may contain geographic information to the extent that it is aggregated by 5-digit zip code.

Disclosure of Protected Health Information ("PHI") to the Plan Sponsor for Plan Administration Purposes

Except as described under "Disclosure of Summary Health Information to the Plan Sponsor" above or under "Disclosure of Certain Enrollment Information to the Plan Sponsor" below or under the terms of an applicable individual authorization, the Plan may disclose PHI to the Plan Sponsor and may permit the disclosure of PHI by a health insurance issuer or HMO with respect to the Plan to the Plan Sponsor only if the Plan Sponsor requires the PHI to administer the Plan. The Plan Sponsor by formally adopting this Plan document, certifies that it agrees to:

- (1) Not use or further disclose PHI other than as permitted or required by the Plan or as required by law;
- (2) Ensure that any agents, to whom the Plan Sponsor provides PHI received from the Plan agree to the same restrictions and conditions that apply to the Plan Sponsor with respect to such PHI;
- (3) Not use or disclose PHI for employment-related actions and decisions or in connection with any other benefit or employee benefit Plan of the Plan Sponsor;
- (4) Report to the Plan any PHI use or disclosure that is inconsistent with the uses or disclosures provided for of which the Plan Sponsor becomes aware;
- (5) Make available PHI in accordance with section 164.524 of the privacy standards;
- (6) Make available PHI for amendment and incorporate any amendments to PHI in accordance with section 164.526 of the privacy standards;
- (7) Make available the information required to provide an accounting of disclosures in accordance with section 164.528 of the privacy standards;
- (8) Make its internal practices, books and records relating to the use and disclosure of PHI received from the Plan available to the U.S. Department of Health and Human Services ("HHS"), for purposes of determining compliance by the Plan with part 164, subpart E, of the privacy standards;
- (9) If feasible, return or destroy all PHI received from the Plan that the Plan Sponsor still maintains in any form and retain no copies of such PHI when no longer needed for the purpose for which disclosure was made, except that, if such return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction of the PHI infeasible; and

(10) Ensure that adequate separation between the Plan and the Plan Sponsor, as required in section 164.504(f)(2)(iii) of the privacy standards, is established as follows:

- (a) The Plan Sponsor shall only allow certain named employees or classes of employees or other persons under control of the Plan Sponsor who have been designated to carry out Plan administration functions, access to PHI. The Plan Sponsor will maintain a list of those persons and that list is incorporated into this document by this reference. The access to and use of PHI by any such individuals shall be restricted to Plan administration functions that the Plan Sponsor performs for the Plan.
- (b) In the event any of the individuals described in (a) above do not comply with the provisions of the Plan documents relating to use and disclosure of PHI, the Plan Administrator shall impose reasonable sanctions as necessary, in its discretion. Such sanctions shall be imposed progressively (for example, an oral warning, a written warning, time off without pay and termination), if appropriate and shall be imposed so that they are commensurate with the severity of the violation.

“Plan administration” activities are limited to activities that would meet the definition of payment or health care operations, but do not include functions to modify, amend or terminate the Plan or solicit bids from prospective issuers. “Plan administration” functions include quality assurance, claims processing, auditing, monitoring and management of carve-out plans, such as vision and dental. It does not include any employment-related functions or functions in connection with any other benefit or benefit plans.

The Plan shall disclose PHI to the Plan Sponsor only upon receipt of a certification by the Plan Sponsor that:

- (1) The Plan documents have been amended to incorporate the above provisions; and
- (2) The Plan Sponsor agrees to comply with such provisions.

Disclosure of Enrollment Information to the Plan Sponsor

Pursuant to section 164.504(f)(1)(iii) of the privacy standards, the Plan may disclose to the Plan Sponsor information on whether an individual is participating in the Plan or is enrolled in or has disenrolled from a health insurance issuer or health maintenance organization offered under the Plan.

Disclosure of PHI to Obtain Stop-loss or Excess Loss Coverage; Disclosures of Genetic Information

Except as otherwise provided below, the Plan Sponsor hereby authorizes and directs the Plan, through the Plan Administrator or the Third Party Administrator, to disclose PHI to stop-loss carriers, excess loss carriers or managing general underwriters (“MGUs”) for underwriting and other purposes in order to obtain and maintain stop-loss or excess loss coverage related to benefit claims under the Plan. Such disclosures shall be made in accordance with the privacy standards.

The Plan will not use or disclose genetic information, including information about genetic testing and family medical history, for underwriting purposes. The Plan may use or disclose PHI for underwriting purposes, assuming the use or disclosure is otherwise permitted under the privacy standards and other applicable law, but any PHI that is used or disclosed for underwriting purposes will not include genetic information.

“Underwriting purposes” is defined for this purpose under federal law and generally includes any Plan rules relating to (1) eligibility for benefits under the Plan (including changes in deductibles or other cost-sharing requirements in return for activities such as completing a health risk assessment or participating in a wellness program); (2) the computation of premium or contribution amounts under the Plan (including discounts or payments or differences in premiums based on activities such as completing a health risk assessment or participating in a wellness program); and (3) other activities related to the creation, renewal, or replacement of a contract for health insurance or health benefits. However, “underwriting purposes” does not include rules relating to the determination of whether a particular expense or claim is medically appropriate.

HIPAA SECURITY PRACTICES

Disclosure of Electronic Protected Health Information (“Electronic PHI”) to the Plan Sponsor for Plan Administration Functions

In accordance with HIPAA’s standards for security (the “security standards”), to enable the Plan Sponsor to receive and use Electronic PHI for Plan administration functions (as defined in 45 CFR § 164.504(a)), the Plan Sponsor agrees to:

- (1) Implement and maintain administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of the Electronic PHI that it creates, receives, maintains or transmits on behalf of the Plan.
- (2) Ensure that adequate separation between the Plan and the Plan Sponsor, as required in 45 CFR § 164.504(f)(2)(iii), is supported by reasonable and appropriate Security Measures.
- (3) Ensure that any agent, including any business associate or subcontractor, to whom the Plan Sponsor provides Electronic PHI created, received, maintained or transmitted on behalf of the Plan, agrees to implement reasonable and appropriate Security Measures to protect the Electronic PHI.
- (4) Report to the Plan any Security Incident of which it becomes aware.
- (5) The Plan Sponsor will promptly report to the Plan any breach of unsecured Protected Health Information of which it becomes aware in a manner that will facilitate the Plan’s compliance with the breach reporting requirements of the HITECH Act, based on regulations or other applicable guidance issued by the Department of Health and Human Services.

Any terms not otherwise defined in this section shall have the meanings set forth in the security standards.
